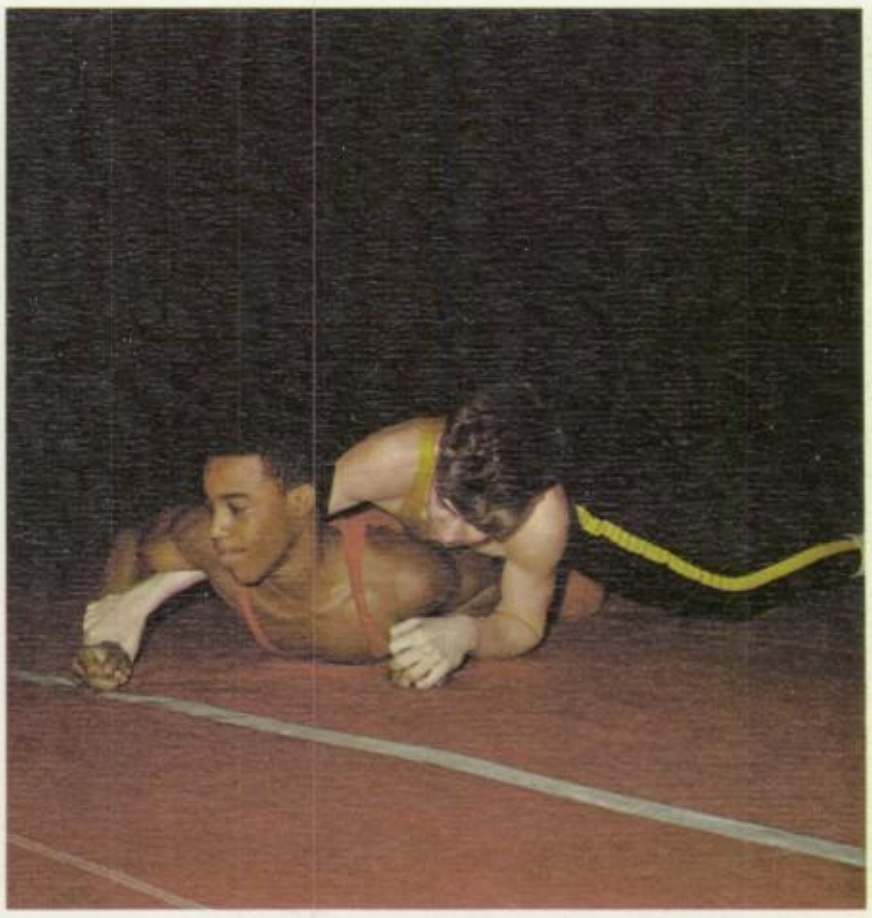
Athletic Life



TO J.H.S.

School life at Jamestown High School is divided into four phases: the intellectual, the organizational, the athletic, and the campus. These four aspects help to make up three of the most important years of our lives. Another of those years is now coming to a close.

It may be our first year at J.H.S.; it may be our last; but for every sophomore, junior, and senior, it has been a year to remember. 1965-66 was the year the problem of limited space and needed facilities was about to be solved. Contractors and carpenters assembled at the muddy, "million-dollar hole" to begin work on the school addition. It was the year of the wettest Warren game anyone could remember and the year the basketball scoreboard proved inefficient against Gowanda and Warren when our Red Raiders scored over one hundred points. It was the year a girl was elected president of the Senior Class. It was the year the Junior Class presented **A Dome of Many Colored Glass.** It was the year we had a green, summer-like Christmas and then, two days off from school for the blizzard. It was a time during which the tense world situation was reflected in the attitude of the student body. Many took up the challenge offered by Jamestown Community College to send holiday greetings to our boys in Vietnam.

Each student will recall something different, something special and personal, as he reflects upon the happenings of the past year. Parties, games, plays, problems, and exams will come to mind.

It is our sincere hope that the 1966 **Red and Green** captured these precious moments of our high school days. We trust that they will bring pleasure for the present and will help to perpetuate these memories for the future.

DR. HAROLD O'NEAL,
Superintendent

Board of Education, Superintendent of Schools

The Board of Education, governing body of the Jamestown Public Schools, serves an important task as the representatives of the people of Jamestown. The seven Board members make the policies governing all activities in the schools. They institute new classes, regularly inspect the buildings and facilities, and publish annually the book **Teaching is My Profession,** which is distributed to all teachers in the Jamestown Public School system. This book contains the rules and procedures for all instructors in the city.

This year the Board has been especially busy supervising the construction of the new addition to the High School.

Assisting the Board in their important work is the Superintendent of Schools, Dr. Harold O'Neal. Now in his fourth year in Jamestown, this very capable administrator is assisted by Robert K. Howe, assistant superintendent, Bert W. Furman, coordinator of finances, Burdell Cotten, coordinator of secondary education, and George Pike, coordinator of elementary education.

JAMESTOWN BOARD OF EDUCATION

Administrators

Interested and involved in all the activities of Jamestown High School are our three principals. Each carry out important duties concerned with running a school with a student body of almost two thousand.

Following the policies of the Board of Education, Principal Meade Anderson has overall charge of our school's administration. This year he has been especially occupied with planning the moving of classes into the new addition, a job which must be done prior to its completion. Along with this hectic job, it has still been necessary that he keep up with the year's normal routine. In addition to his activities at J.H.S., Mr. Anderson has again been chosen to represent all the schools of western New York State on the Administrators' Coordinating Commission. In this honorable and important position, he and the Commission advise the State Education Department.

Ernest Levin, one of the two assistant principals, is in charge of the supervision of all "activities" of J.H.S. These activities include the clubs, extracurricular activities, assemblies, and the cafeteria. In addition, he is the sponsor of the Radio Club and Student Council.

Clarence Peterson is Assistant Principal in charge of attendance and discipline. Mr. Peterson, in his first year as Assistant Principal, has taken a deep interest in his new position and is keenly involved in the lives of all students at Jamestown High School.

MR. MEADE ANDERSON, Principal

MR. ERNEST LEVIN, Assistant Principal

MR. CLARENCE PETERSON, Assistant Principal

Secretaries

JHS secretaries are our "behind-the-scene" workers. They do the writing, typing, mimeographing, filing, and phoning necessary to run a high school of 2000 students—and that's a real job! Our entire school system is indebted to these women who do so much to aid us.

MRS. EDITH MALMSTROM— Private Secretary to Mr. Anderson

MRS. MARY GRASSI— Guidance Secretary

MRS. FRANCES S. PEARSON— Guidance Department

MRS. CATHERINE J. BRIDGE— Attendance Office Secretary

MRS. CAROLINE PADDOCK— Stenographer

MRS. LINNEA NYMAN
Industrial Arts Department

MRS. VERSEL YOUNG
Typist

MISS LOIS CORKERY
Music Department

MRS. MARILYN STICKNEY
Library Aide

J.H.S. Nurses

The J.H.S. Medical Department assists the entire Jamestown school system in maintaining a healthy student body.

Our two nurses have many jobs to do, both for the school and for the students. The nurses administer first aid, test vision and hearing, record our heights and weights, and assist school doctors in medical exams. They also teach good health habits, inspect the school, work with public health and welfare agencies, and report on the condition of handicapped young people.

The work of this department is most important, for a student must feel well physically, mentally, and emotionally in order to learn.

MRS. EDITH MILLER

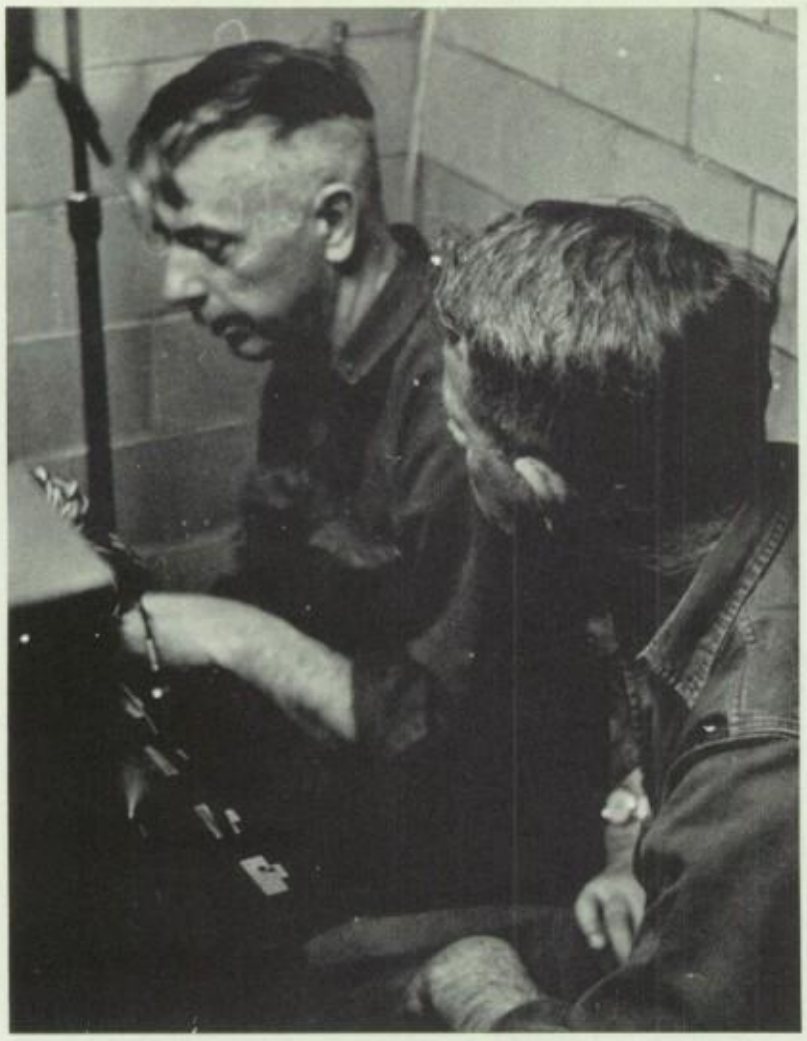
MRS. JACQUELINE SMITH

Cafeteria

Preparing lunch at J.H.S. is a full time job for the fourteen ladies who make up our Cafeteria Staff. They begin work before school opens to insure that a complete and varied menu will be ready. They must be sure that enough food will be prepared so that each student or teacher in the three lunch periods can receive a filling portion.

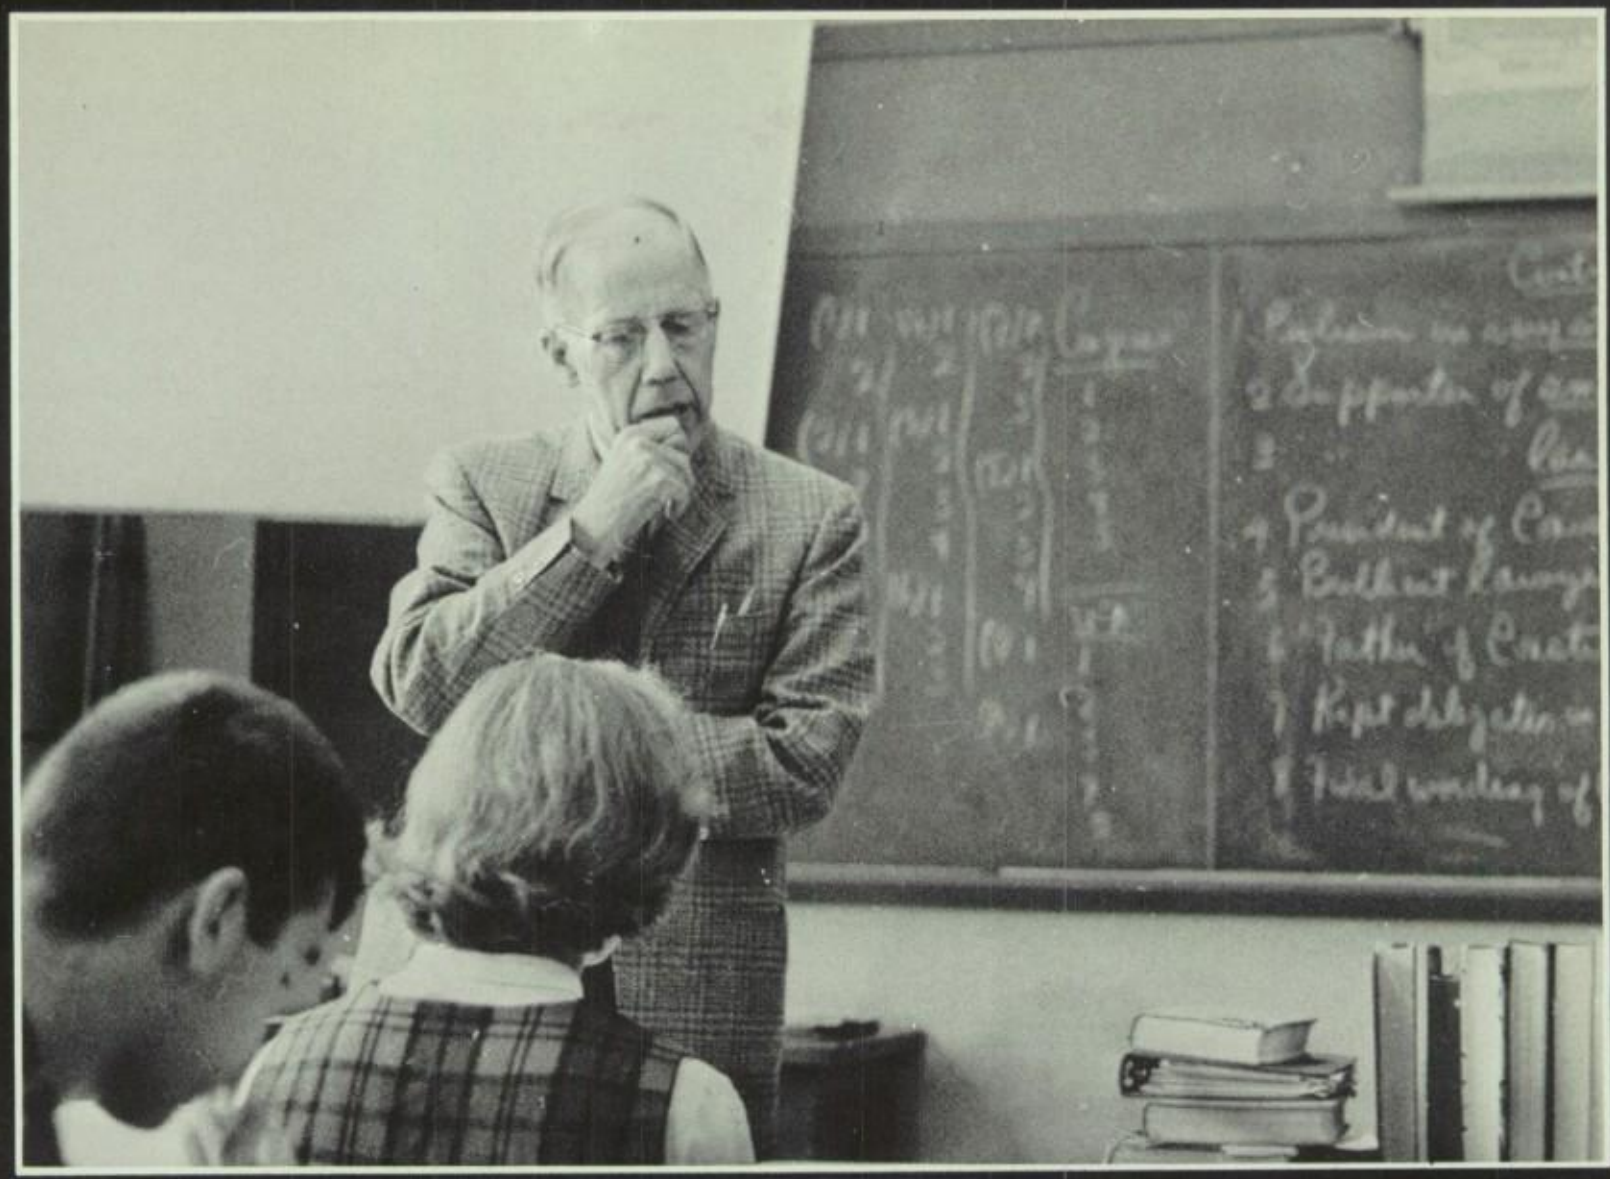
After lunch period is over, the ladies begin washing silverware and trays and cleaning up the kitchen so that they can start again the following morning.

Maintenance



It is a difficult task to keep a building as large as J.H.S. in top condition, but our maintenance staff proves itself equal to the task. Members of this staff are here to begin work long before school opens in the morning and they are the last to leave at night. Besides seeing that all rooms are kept clean, they must keep school machines and furniture in constant repair. During warm weather, they keep lawns and hedges trimmed and our playing fields ready for use. During cold weather, they make sure that our walks are clear of snow to prevent accidents. In short, they see to it that over 2,000 teachers and students at J.H.S. have a clean, pleasant place in which to work and learn.

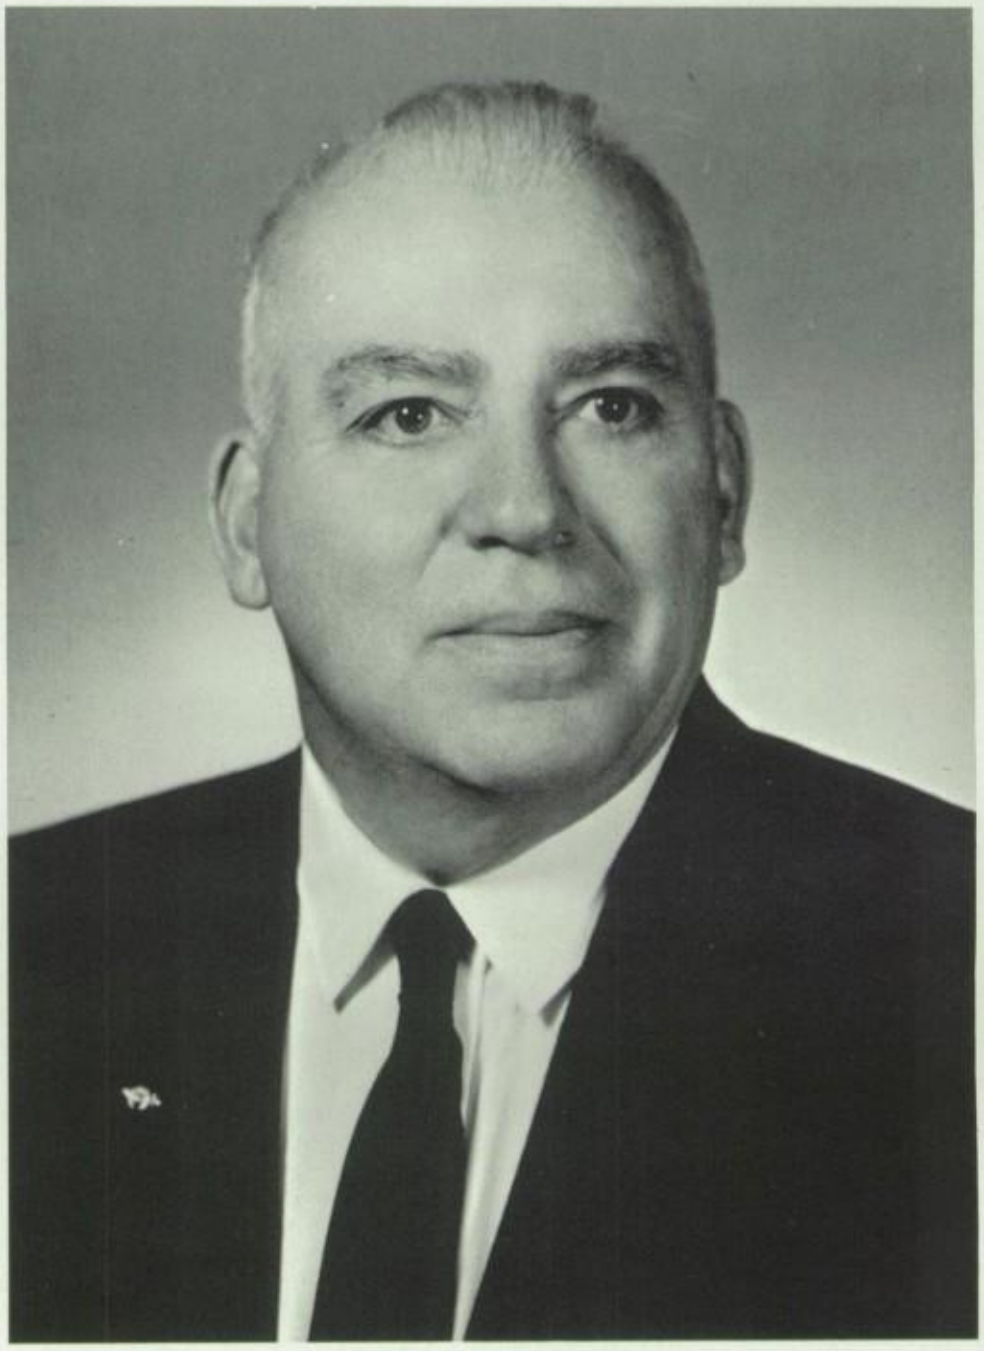
Studies



The science department and the entire school will certainly miss Mr. Theodore Peterson, who retires this year after thirty-six years of teaching at J.H.S. Presently a chemistry teacher, Mr. Peterson has also taught such subjects as algebra, biology, and physics. To his outstanding teaching record, he has added a number of extra-curricular activities. Notable among these was his position as advisor to the class of '39 which recently held its 25th reunion. Mr. Peterson also served as faculty manager of athletics at J.H.S. for fifteen years, and as advisor to the Science Club.

After his retirement Mr. Peterson will spend his time by "not going and living in Florida." He has a large number of activities, hobbies, and organizations that will help to keep him occupied. Among these are stamp and coin collecting, fishing, and his interest in athletics. He is a member of the Masonic Lodge and the Ismaila Temple of Buffalo. He also plays in the Shrine Drum and Bugle Corps.

Commenting on his retirement, Mr. Peterson said: "I enjoy teaching a lot" but "after thirty-six years, I want a little change."



MR. THEODORE PETERSON

MISS HELEN SELLSTROM

Miss Helen Sellstrom, well-known to many of the business students at J.H.S. will retire this year.

While at J.H.S., Miss Sellstrom has taught literally every business subject, including business arithmetic, bookkeeping, shorthand, business law, economics, and salesmanship.

Feeling that today's students are more advanced, both socially and in their general knowledge, Miss Sellstrom has met this advancement by adequately preparing them for a life in the busines field.

Miss Sellstrom says: "I have enjoyed teaching for thirty-five years, but I don't plan to put my name on the substitute list." However, she does have a number of other plans for keeping busy. She is considering becoming a substitute office worker. Her hobbies include gardening and reading, and she intends to renew piano lessons. She will devote some time to service work, especially in the hospitals, and she will probably spend her winters in Florida or California.

English

The English Department at J.H.S. prepares students to use properly and effectively the language they speak. It also acquaints students with the great works of American and English literature.

To cope with individual capabilities, English is presented on four levels: accelerated, Regents, non-Regents, and Practical. Journalism is offered as an elective.

Much new material has recently been made to the department. **Six Complete World Plays, 1984,** and **How Green Was My Valley** are now incorporated in the reading program. To the record collection has been added "The Rivals," "My Fair Lady," "The Rime of the Ancient Mariner," and "Robert Frost." Literary pictorial maps and the movie "Moby Dick" have helped to increase the pupil's understanding of literature.

The Art Department at Jamestown High School offers a wide variety of courses. Self-discipline is stressed and individual expression and creativity are encouraged in all of them.

In the basic prerequisite course the student is acquainted with the fundamentals of many fields of art and is permitted to decide in which area he is most interested and able. Upon completion of these courses, the pupil may enter one or more specialized subjects to prepare him for a future career and give enjoyment.

Besides two rooms in the main building, the department this year has acquired a studio in the Industrial Arts Building where sculpture and crafts are taught and when the new addition is finished, the photography classes will receive space for more darkrooms.

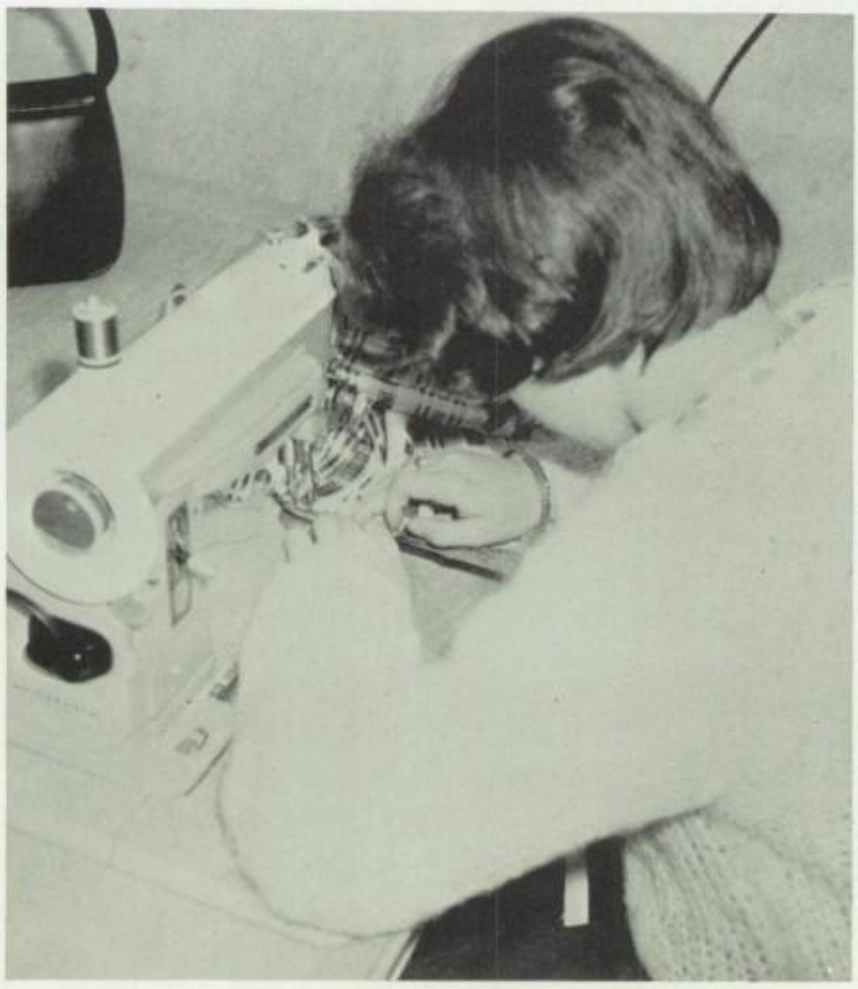
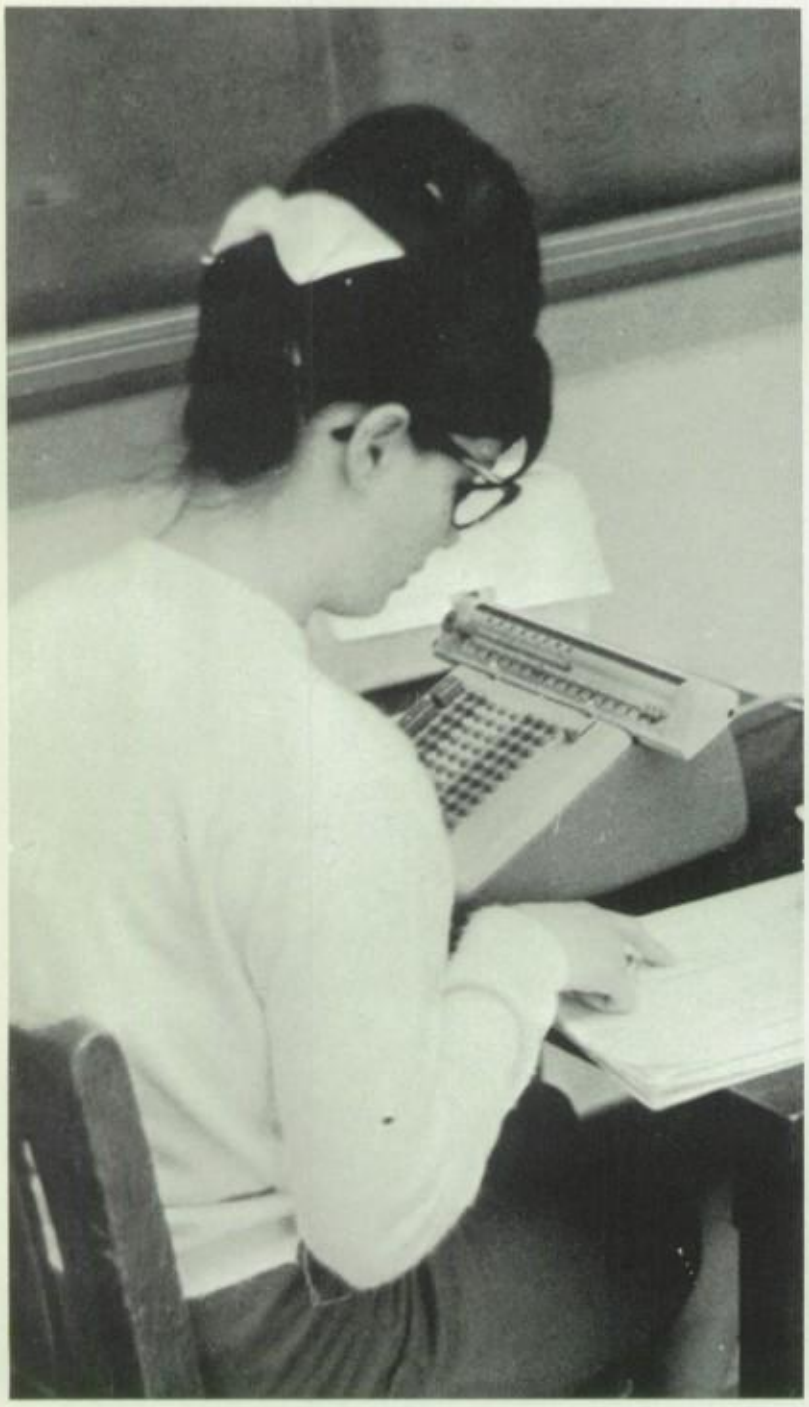
Home Economics

The Home Economics Department at J.H.S. prides itself on the practical and unique courses it offers to approximately 350 students. These courses concern child care, family life, home nursing, foods, and clothing.

The Home Economics Department has four rooms, an office, and storage space on the third floor. Each year new equipment replaces old sewing machines, refrigerators, and stoves. These facilities increase the opportunities of this department to prepare the girls at J.H.S. for a significant role in our society.



Business



The goal of the Business Department is to teach the skills of business practice to the college-bound and to vocational students who want to go into a job after graduation. One important role of the department is to assist students in finding work. The head of the department often looks for available positions in the community and recommends students for them. Business pupils are urged to take Civil Service examinations.

The new addition to J.H.S. will greatly affect the Business Department. There will be new rooms for typing, office practice, and secretarial practice. There will also be new distribution and laboratory rooms and a store. The shorthand-transcription room will be furnished with 3-channel dictation equipment.

Industrial Arts

The Industrial Arts Building at Jamestown High School houses the very important Industrial Arts Department. The classes taught by this department deal with technology and the Industrial Arts. The purpose of the technical courses of mechanics and electronics is to give the high school pupil a practical background for the study of engineering. Industrial Arts is an exploratory area where boys may discover their own particular interests. It is also a preparatory area for more advanced work.

This year the drafting room was modernized. Additional equipment purchased for use in the shops has improved the department which is the largest of its kind in this region.

Physical Education

To match the expansion of the current building spree, Jamestown High School is beefing up its physical education program. Additions to this department are constantly being made, with more in the offing. For example, new apparatus this year includes a set of parallel bars and a scoreboard for the school. A Gymnastic Club, a new feature, has been organized under the direction of Mr. Hill.

A long-awaited addition to the Physical Education Department at J.H.S. is the new swimming pool. Now under construction, the swimming pool is scheduled to be in use next fall. Also in the development stage is a system for giving credit for gym classes. This program is getting underway this year, when gym classes are being graded twice.

Language

Language teachers at J.H.S. are busy teaching eight hundred forty students in thirty-nine classes every day. Eleven teachers instruct these classes in the six languages: French, Spanish, Latin, German, Swedish, and Italian.

Most of the languages offered can be studied in a three-year sequence, enabling the student to get at least an adequate facility with the language he has studied. Some languages even offer a fourth year, opening a deeper and broader study of culture, literature, and national customs. With these ideas in mind, the fifth year Spanish course was inaugurated at J.H.S. this year.

Striving for enrichment in all phases of its program, the J.H.S. language department has had visitors from foreign countries speak to the classes. The visitors from Latin America and Europe enriched the students background, giving a first-hand description of life and customs in their countries.

The math department offers nine different courses ranging from a review of basic arithmetic to an introductory course in calculus. Expansion and curriculum developments are continually taking place in this department at J.H.S.; the calculus course and analytic geometry were just recently added to the math program.

A complete change in the math department at the high school is expected to take place in the next few years. Beginning with the lower grades, the math curriculum is being revamped in the Jamestown schools. Many of the math teachers at J.H.S. have taken courses to prepare them to teach the new concepts of math when it reaches the high school.

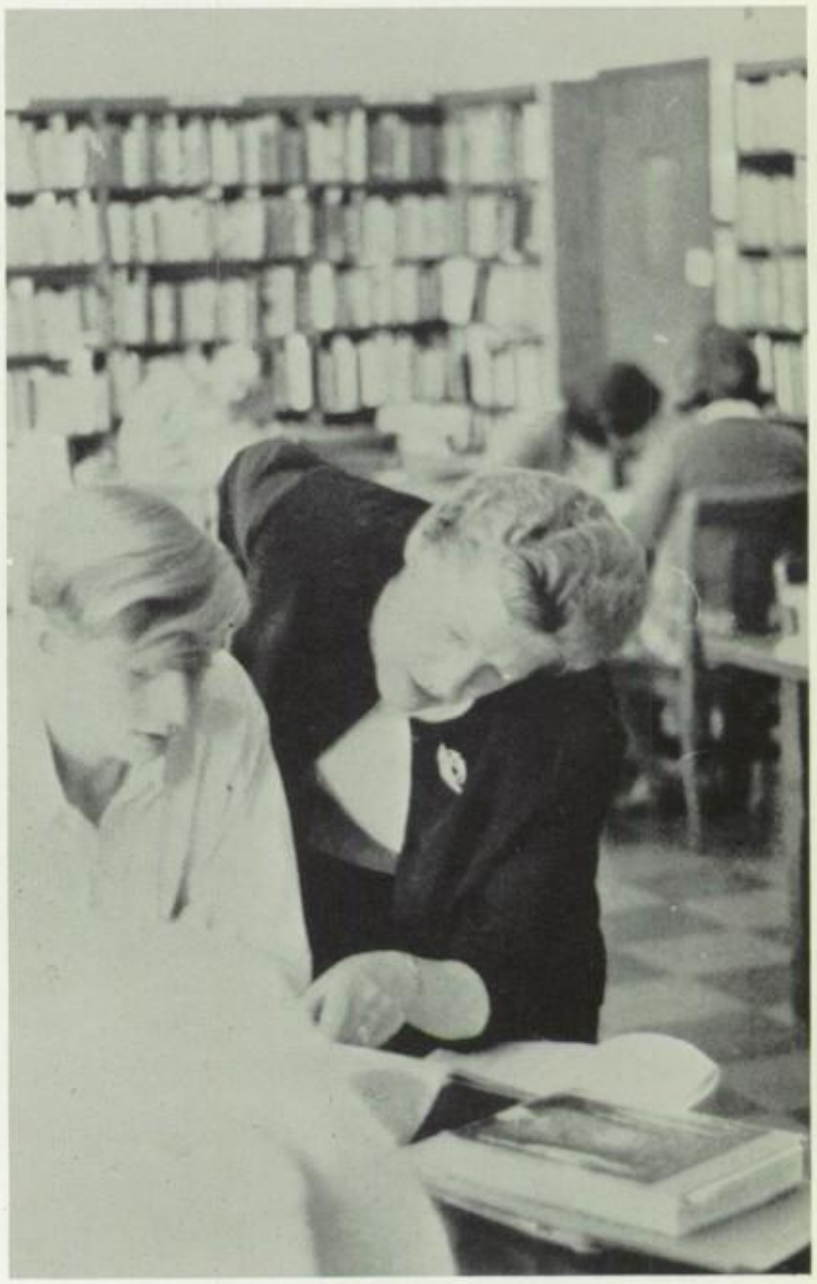
Through various teaching methods, students taking driver education are familiarized with all types of driving situations. Classroom work, drivo-trainers, and actual driving experience are used in training students to be more alert and responsible drivers.

During the week, two periods are spent in the classroom and one spent in actual driving experience. Students spend a fourth period operating the drivo-trainers in conjunction with specially prepared films.

The benefits of driver education do not stop when the course is finished. If a student completes driver education, he is entitled to apply for a senior operator's license at the age of 17. Also, most insurance companies give 10% to 15% reduction in the cost of insurance to those young drivers who have completed a driver education course in high school.



Library

The Library at Jamestown High School offers books to suit the needs of each student and faculty member. There is available a large and varied fiction section for recreational reading, non-fiction texts, reference books, pamphlet file, magazines, and records may be used for research, special projects, current events reading, and hobbies. Our librarians teach general classes on library procedures and give term paper instruction to seniors. They also offer part-time work for students.

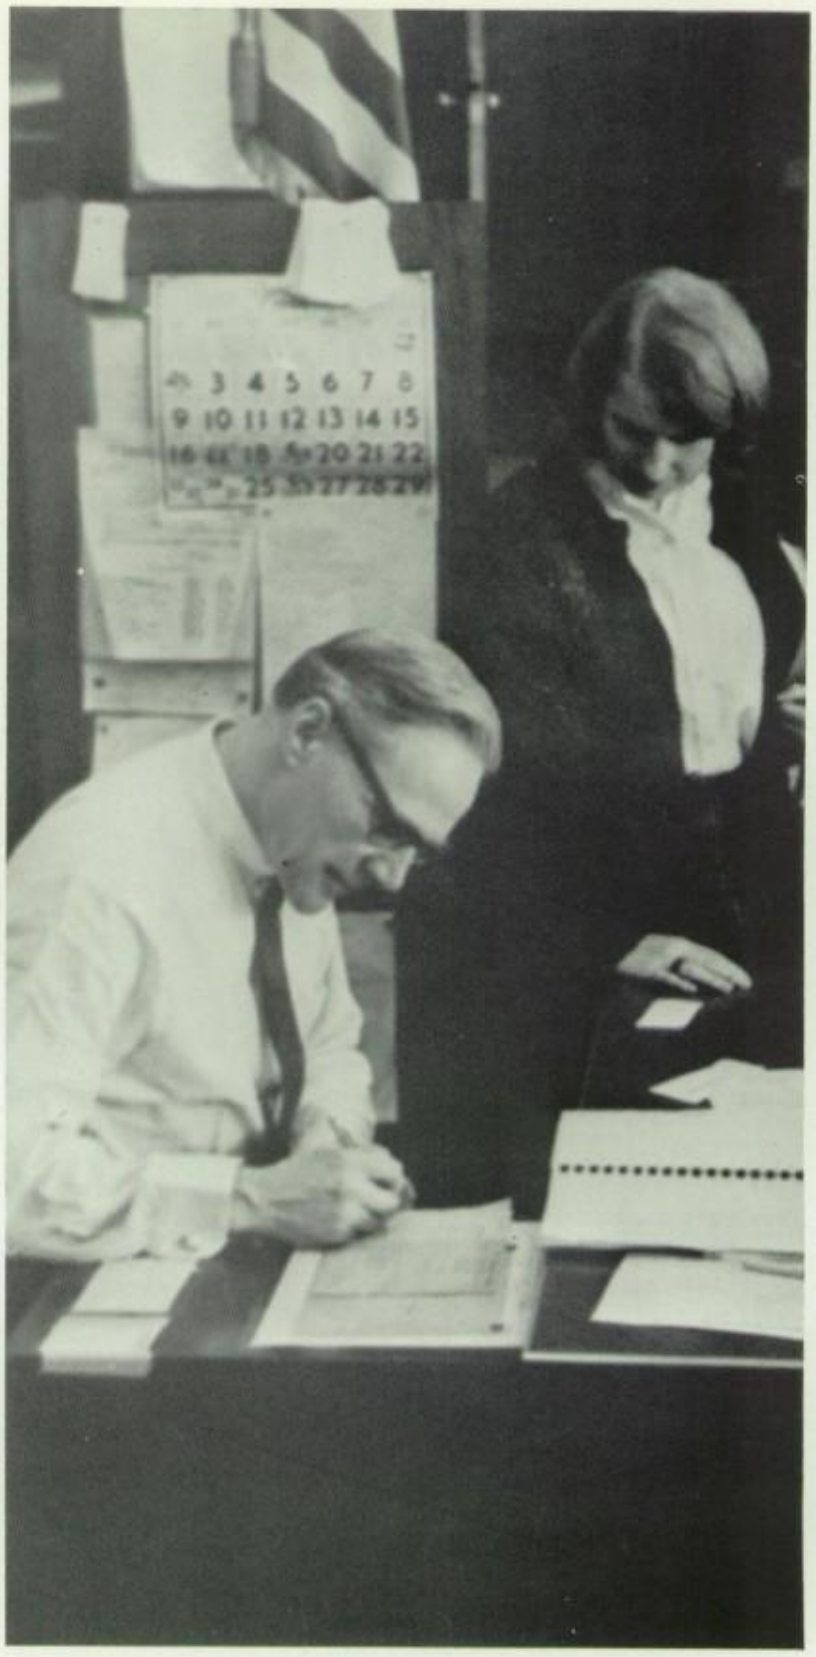
Music



More than one-third of the students at JHS are directly involved in the Music Department's program. The music presented in our high school—ranging from fifteenth century classics to modern dance tunes—caters to the interests of all. The staggering work of this department is an all year affair. Last fall, the Band, Orchestra, and Choral divisions performed for the Music Parents' Association at its organizational meeting. These three divisions also joined forces to present Handel's immortal "Hallelujah Chorus" at the school Christmas Assembly. Highlights of the spring included the state competition solo festival and our annual Spring Concert. A moderate music program continues throughout the summer. Music students work hard and are proud of a job well-done.

The science department at J.H.S. offers many courses in both the biological and physical sciences. The school conducts courses ranging from earth science to physics, sometimes teaching on two levels. New equipment comes to the science department each year and is put to good use. This year, for example, the department has received new science films, new textbooks for biological science, a PH meter for chemistry, and more transparencies for the overhead projectors.

Next year, with completion of the new addition, the science department will have two new physics rooms and a new earth science room. In the present building the physics room will be converted into a chemistry lab and recitation room, and the two chemistry rooms will be modernized.

Social Studies

The Social Studies Department at Jamestown High School seeks to acquaint students with the history of the past, and the present national and world situation. It also allows for a study of people, their cultures, and their behavior.

Team teaching is a special one year American History class for a limited number of students who have a full schedule. Two electives, sociology and psychology, are offered in addition to the regular required history courses. The electives are open to juniors and seniors only. This year the psychology classes took a trip to the Pennsylvania State Hospital in North Warren.

The Social Studies program is currently changing. Within three years, a totally different curriculum will be in use.

Guidance

Good adjustment through proper scheduling and definite planning for the future are the two aims of the Guidance Department at Jamestown High School. The guidance counselors keep records on each student. They frequently administer scholarship exams, instruct sophomore Occupational Lab classes, and help seniors fill out college applications and complete their transcripts as well as schedule classes for the 2,000 pupils at our school. The counselors accomplish their aims primarily through conferences with students and parents. This department alerts the student to new trends in business and professions, acquaints him with the armed forces, arranges interviews for employment and with visiting college personnel, and strives to allow each student to discover the interests and aptitudes that will lead him to choose a rewarding career.

Special Education

Giving students valuable experience in everyday living, the special education program at JHS trains people to lead more valuable, more productive lives. This program embodies many concepts in order to prepare its students for a useful life.

First year special education students are given important instruction in banking, budgeting, grooming, sewing, physical education, and driving. After the first year the students may enroll in a two phase program involving both study and actual work experience. In phase one of this program, the students choose three areas to work in and receive training in each area for ten weeks. These people work on the job five days a week for three to four hours a day. The second phase of work-study gives the student half a day on the job and half a day in school.

The students in special education soon benefit from the course. During the first phase of work-study, students receive incomes from their part-time jobs. After completing the second phase of the program, many students gain full employment.

Student Council

Student Council, the governing body of Jamestown High School, has for its purpose trying to improve our school in ways acceptable to both the faculty and the student body. At the regular Tuesday morning meetings elected representatives and class officers discuss school problems and make plans for school activities.

One of the main objectives of Student Council is to raise school spirit. By furnishing buses to away games, the council tries to get students to take a more active part in school sports. It helped sponsor our Warren pep rally and organized our other pep rallies. The Victory Dance that was held after class elections was also a product of Student Council.

Again, this year the Council undertook the annual magazine sale. The profits were divided among the three classes and council.

Besides sponsoring two foster children from overseas, this body organized the Thanksgiving basket project in which homerooms donated foodstuffs to underprivileged families. The Council was also behind the student supported campaigns for the March of Dimes. Currently the members of Student Council are preparing a handbook that will be distributed to incoming sophomores.

Teachers occupy the bulk of the stage at the Parents' Night program presented by Student Council.

Red and Green

Lynette Erickson

The story of the 1966 **Red and Green** staff cannot be written entirely, for much of it is simply a feeling imbedded in our minds, hearts, and memories.

To the staff who works to make it, the yearbook is more than a book; it is an experience. It inspires, rewards, and matures us; it teaches, annoys, and uniquely binds us. Hours spent after school, evenings, and weekends have drawn staff members together. The experiences and friendships gained from the rewarding opportunity of producing a yearbook will still be young long after the book itself is old.

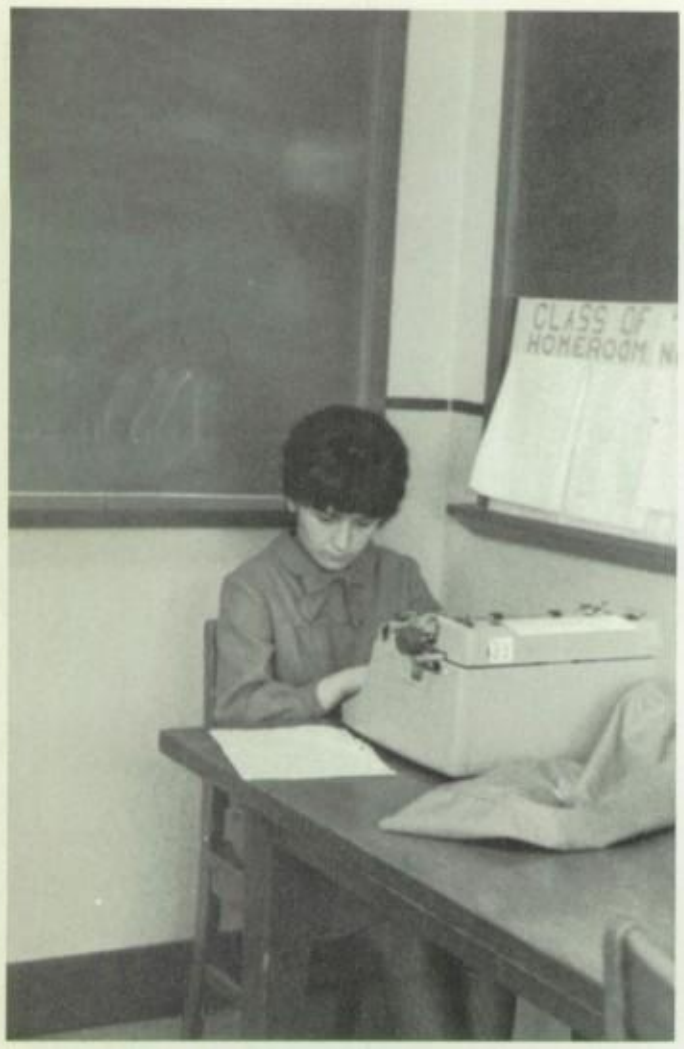
Journalism



Each Saturday evening in homes of many local high school students, there is a rush to the door when the Jamestown Post-Journal is delivered. Students reach for the magaine section and the **J.H.S. News.** This page is produced by the members of Journalism Club. Throughout the week, they can be seen gathering information, writing stories, taking photographs to add life to the coverage, and planning the layout. The members give students a look of the preceding week's events, upcoming events, and glimpses of various teachers' lives.

An exciting part of the year was the trip to the Journalism Conference at Syracuse University in the fall.

Activities

Fall Is the Beginning

The school year started in the traditional manner with hundreds of sophomores crowding the walks in front of the auditorium waiting to be introduced to their new school. Once inside, our school administrators acquainted them with our school policies. The new Student Council president and the two incumbent class presidents told them what to expect at J.H.S. Later that same day the new juniors and seniors arrived at school to receive, along with the sophomores, their schedules for the coming term.

October remains prominent in our minds as election month. In the weeks preceding the actual elections, the walls around the drinking fountains were overrun by campaign posters and nearly everyone was sporting a tag for the promotion of a friend. Finally though, the campaigning was over, the votes were in, and the gym was packed to hear the results at the Victory Dance sponsored by Student Council. The **Red and Green** Yearbooks went on sale in homerooms during this month, also.

Football season started in October and continued on into November. The big Warren game, as always, was preceded by a pep rally and a bonfire. "Murph" Filbrick reigned as football queen. On "Back to School Night" parents filled the auditorium to hear Mr. Anderson and the class officers speak, while teachers, assembled according to departments, filled the stage. Later, each parent followed his child's schedule of classes. At the end of November, homerooms collected food baskets for the Salvation Army. These were decorated and distributed to needy families.

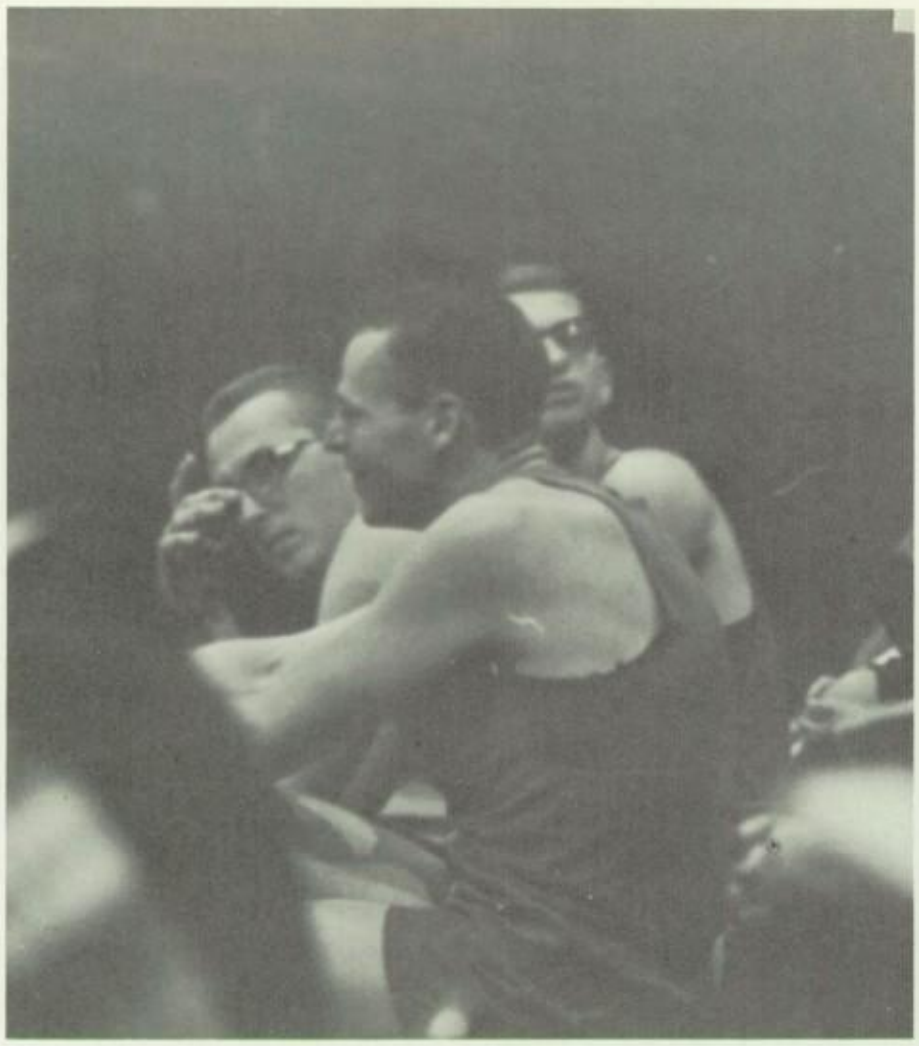
Excitement for the Senior Class Officers.

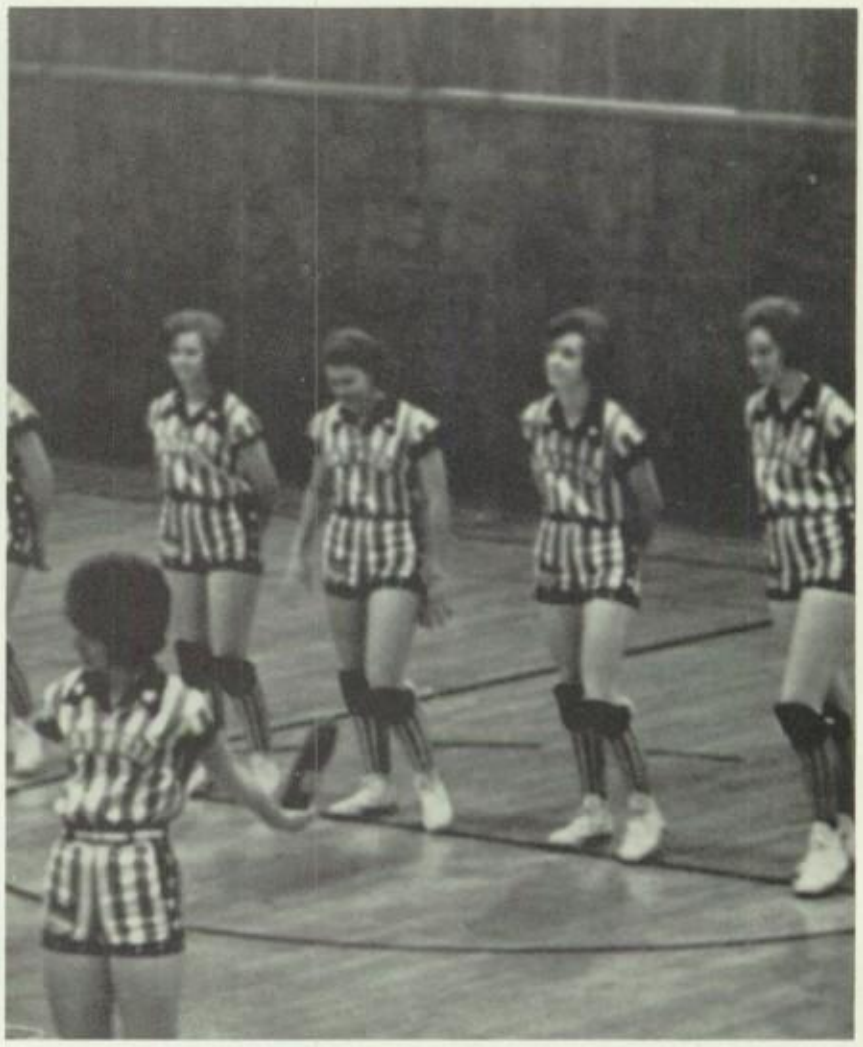
Enjoyment at the Victory Dance.

Congratulations are offered to Junior Class Officers.

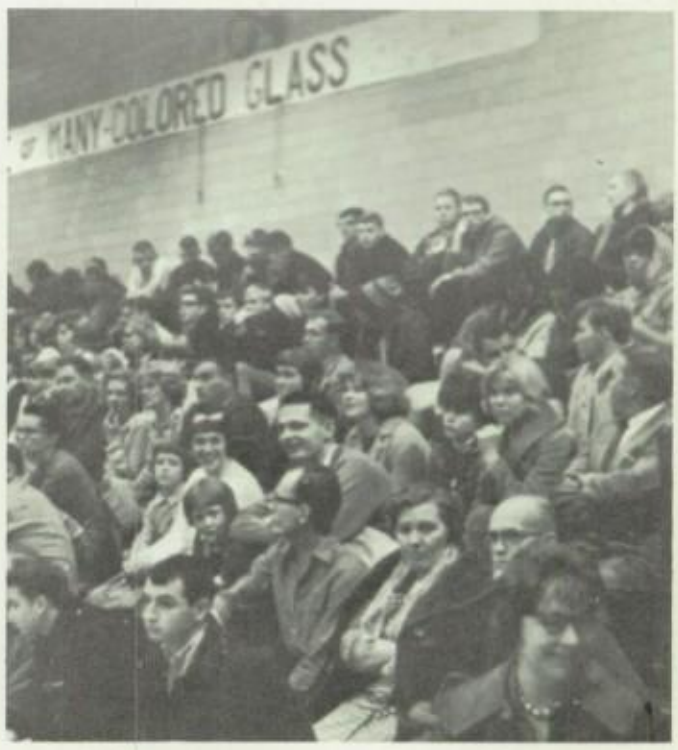
A muddy Warren Football Game.

Who says women can't play basketball? On November 20, 1965, the Redheads, a professional women's basketball team proved this adage entirely wrong. In an exciting game, the Redheads scored 64 points against 60 points earned by the all-man J.H.S. faculty team. Perhaps the match was a bit unfair, however. The Redheads have traveled throughout the United States and have shown their skill under their captain, "Queen Basketball." The Senior Class sponsored the event under the guidance of their advisor, Mr. Loftus. Certainly the game was a complete success, and women again established their abilities as superior.





Redheads



"Life, like a dome of many-colored glass, stains the white radiance of eternity" was the theme of the Junior Class Play. "Dome of Many-Colored Glass", adapted by Francis B. Taft, was presented on December 4.

The various scenes in the play created the sundry moods of life itself. It began with "The Creation" which signified the beginning of life. Love, the next phase of life, was interpreted through "Frankie and Johnny" and "Pyramus and Thisbe". The brutal destruction of war and its effects on the humans caught in it were shown in a portion of **The Diary of Anne Frank.** Next, "Jazz Fantazia" created the many moods of jazz and the blues. The last scene was Act III of **Our Town** representing death.

Throughout the play, sound effects, lighting, and staging proved important in forming the moods and phases of life.

Miss Carolyn Taft, and Mr. John Rood were co-directors of the play. They were assisted by Miss Elizabeth Edwards, Mr. Donald Bubé, and Miss Justine Sandburg.

Many Exciting Events in New Year

Nineteen sixty-six was ushered in by the usual hubbub of activities at J.H.S.

The second annual Decca Fashion Show was held in the Merton P. Corwin Auditorium on January 13. Master of Ceremonies Chuck Mula introduced the models to an audience of 150. Nugents, the Yoedler Shop, and Royce Shoes furnished the fashions while local hair dressers were credited with the elegant hair-dos. The judges, members of the Faculty, selected Priscilla Cusimano and Jim Olson as the best models.

The teenage divisions of the March of Dimes undertook a peanut sale with the help of the student body under the chairmenship of Janice Anderson and Paul Gustafson. Additional money was raised through a "Leg Contest." Photographs of the male class officers were posted in the front hall and the students voted for the best looking legs.

A.F.S. sponsored a dance on January 21. It proved to be the funniest of the year. The music was provided by the Bismarcks, an exciting new combo. The "Pajama Parade" was the highlight of the evening. Boys, wearing girls' pajamas, and girls clad in boys' p.j.'s made their debut on the floor. The laughter and hilarity can well be imagined.

At the end of January, the second annual magazine sale to be held at this school was begun. Profits showed a definite increase in comparison to last year. The Student Council held the sale in order to raise funds for the student body. Profits were divided among the three classes and Student Council. Although the magazine sale was a joint effort on the part of the three classes, sales rates differed. The Sophomore Class achieved the highest sales record, followed by the Senior Class in second place.

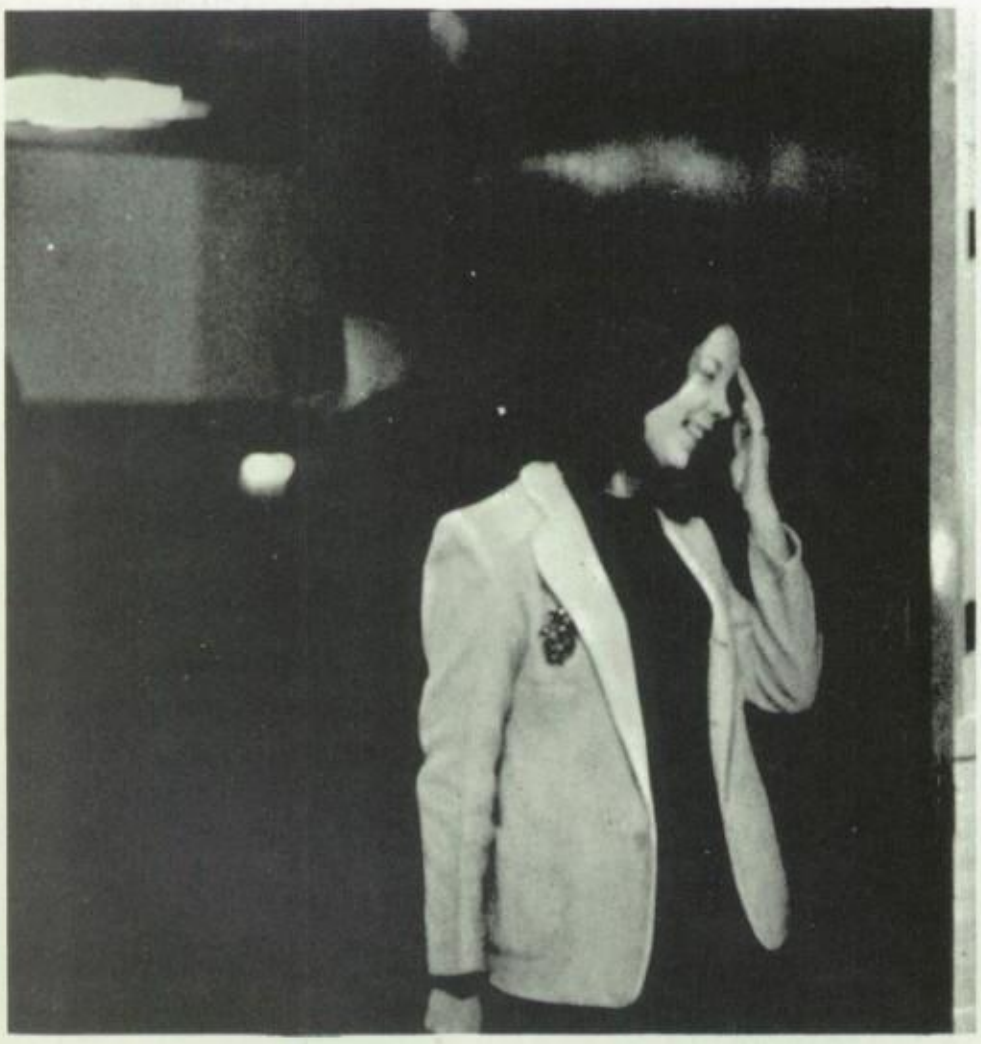
A comedy skit is presented by the Adam Scott Band.

February Brings Visitors

February brought interesting guests as well as new events to J.H.S. We were privileged to have Amil, an A.F.S. student at Alden Central School, as our guest for one week. Visiting the United States for one year, Amil was a guest in the home of Mr. and Mrs. Dale Corey, and their son Steve, during his stay in Jamestown.

The band from Adam Scott High School, Peterborough, Ontario, were the guests of the High School Orchestra the weekend of February 11. This organization displayed its excellent showmanship in presenting a very entertaining assembly to the J.H.S. student body. Their visit was highlighted by their attendance at the Fredonia-Jamestown basketball game.

The Red Inn, a French movie, was presented by the French Club on February 24. The movie was a combination of suspense, intrigue, and comedy. Its plot concerned a wicked innkeeper and his wife who robbed a client of his possessions, murdered him, and had difficulties in disposing of his body. The remainder of the story dealt with the mishap and events that followed. The well-known Fernandel and Yves Montland played the main characters. The movie was enjoyable and a successful project for the French Club.



Cathy Cannan leaves the French Club movie smiling.

A.F.S. visitor, Amil, displays his cheery disposition.

The Senior Class presented the spirited comedy "If A Man Answers" by David Rogers on February 6. Mr. Robert Doverspike and Miss Judith Elwinger, assisted by Nancy Kulig, directed the highly successful performance.

The plot centered around Miss Chantal Stacey, the product of a proper Bostonian father and a French mother, who left her Boston home for New York City in search of a strong, handsome bachelor. Feeling she had met her match in the person of Gene Wright, photographer, Chantal became his model. Following their marriage, all might have ended well except Gene discovered that his wife was training him with the aid of a dog manual. All did end well, however, when Chantal put that whirring mechanism, the feminine mind, into motion and found with the aid of Gene, a happy solution.

N.F.L.-Thespians Play

Jim Beal and Mr. Carlson rehearse a scene for **Inherit the Wind.**

With the cooperation of the entire school, the National Forensic League and Thespians collaborated to present an excellent play, **Inherit the Wind,** by Jerome Lawrence and Robert E. Lee, on April 25.

The setting of the play was Dayton, Tennessee in July, 1925. The subject was the famous Scopes Trial, more often referred to as the "monkey trial" for it dealt with the controversial subject of evolution. Two famous and brilliant lawyers, Bryan and Darrow, traveled to the obscure little town to debate whether Bertram Cates had committed a crime when he taught his class that their forebearers might have been monkeys.

The trial is still under heated discussion, so the play carried a double impact. The play can be accepted as an excellent performance by the outstanding actors and speakers of Jamestown High School or it can be considered to be the airing of a current problem. As the authors expressed it: "It might have been yesterday; it might be tomorrow."

High School Bowl

On Friday, March 11, students filled the Merton P. Corwin Auditorium to capacity to attend the sixth annual High School Bowl at Jamestown High School. Class spirit was as keen as the competition on the stage.

Tension mounted as Mr. Ramon Jordan, moderator, began asking the first question. The first correct toss-up answer came from the Senior team. They remained in front of the lowerclassmen throughout the contest.

Quizzing covered not only information learned in the classroom, but also general topics. Particular emphasis was placed on general knowledge this year with the intention of aiding the Sophomores and Juniors who have not studied the quantity of material the Seniors have. Questions were submitted by the teachers. Toss-up questions were valued at 10 points and bonus questions were worth as much as 30 points.

After the final 15 minutes of play, the score stood at Seniors: 205, Sophomores: 95, and Juniors: 80.

The High School Bowl proved to be one of the most interesting assemblies of the year. Students enjoyed it because they were personally involved. It must be stressed, however, that the contest merely tested quick recall and did not reflect the knowledge of an individual or class.

Mr. Jordan offers another question to the contestants.

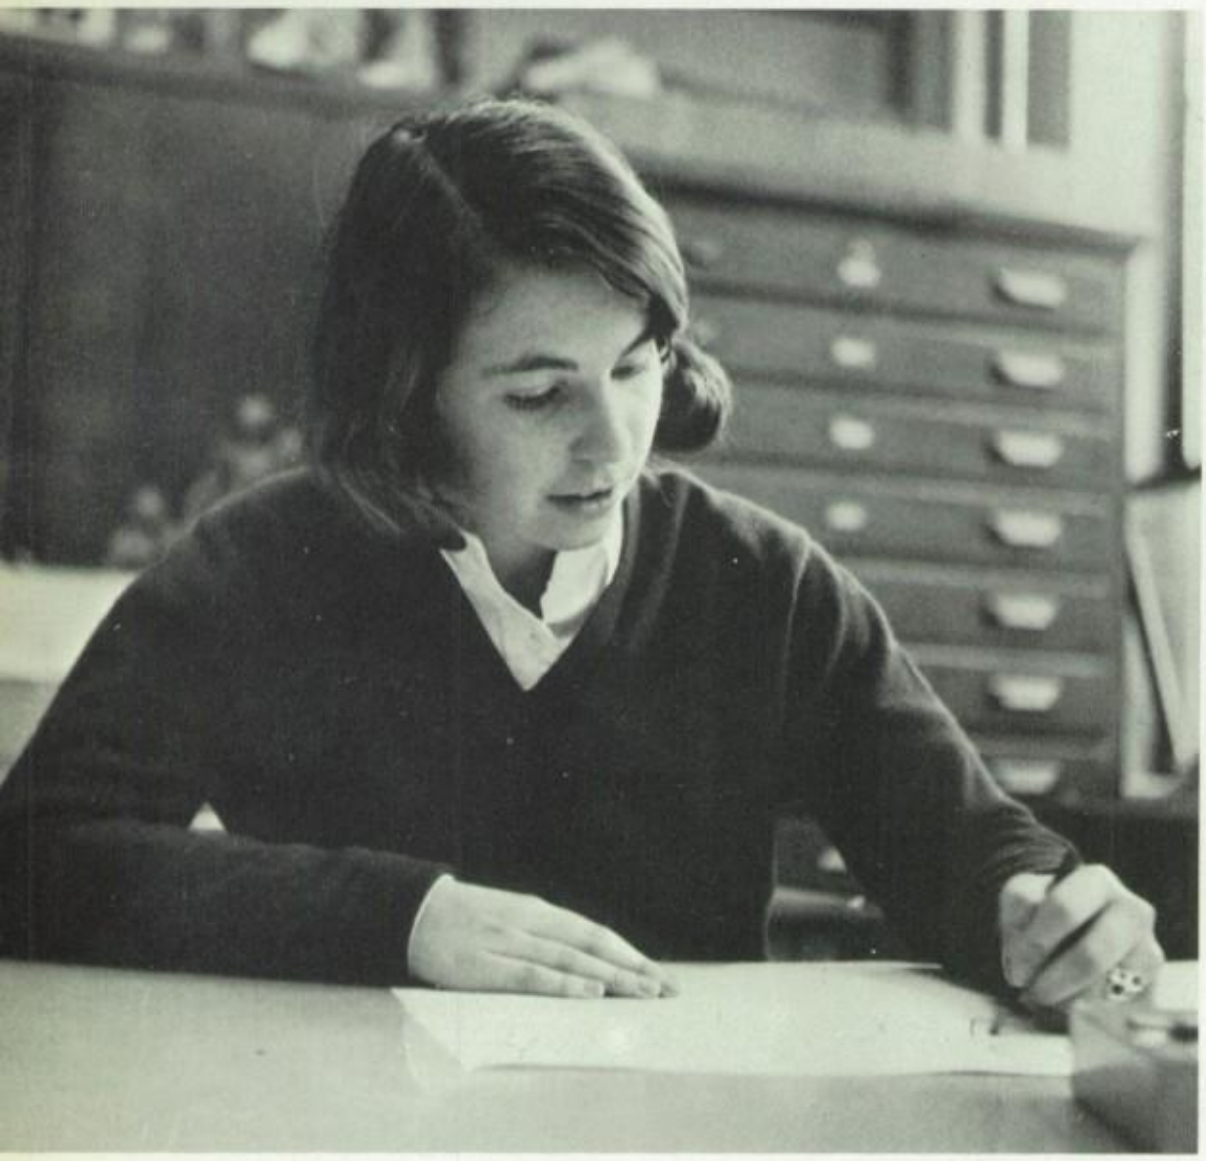
Sophomore Class Carnival



Publicity chairman, Nancy Barger, plans a poster for the Carnival.

March 26 was the date set by the sophomore class for their first money-making project, a carnival with the exciting title "The Kartoon Kapers." The Kapers, having a theme of cartoon characters, had as attractions Superman, Roger Ramjet, Buck Rogers, and, of course, Batman.

The booths, planned under the chairmanship of Rich Parsaliti, included such favorites as a Chinese Auction, wet sponge throwing, dart throwing, ring toss, and food concessions offering pop, popcorn, and candied apples.

Prizes awarded to the booths making the most money, being the most original, and looking the most attractive, helped to make this a very successful project for the Class of 1968.

Booth chairman Rich Parsaliti discusses booth ideas with fellow sophomores.

Student-Faculty Game

The Student-Faculty Basketball Game, always an exciting event to J.H.S. students, took place March 18 in the gym. The preliminary game, a rematch between senior boy homerooms 305 and 68, found the boys from 305 the better basketball players.

The main event, the faculty versus "Turnbull's Tromp-ers," was highlighted by the appearance of two cartoon characters, "Batman" (Mr. Norman Thomas) and "Robin" (Mr. Larry Green). The Faculty proved themselves superior and "tromped" junior homeroom 224 by a score of 57-54.

A tug-of-war closed the evening with a team of ten seniors unfairly beaten by approximately forty-five sophomores and juniors.

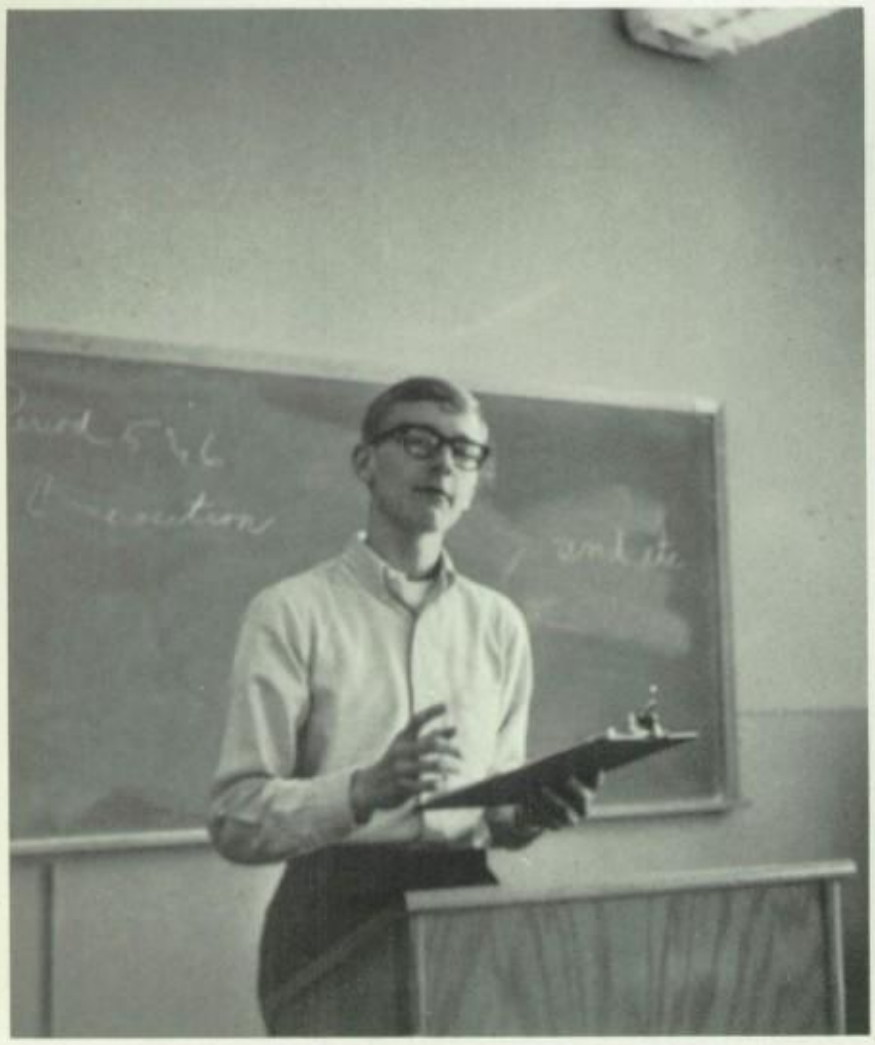
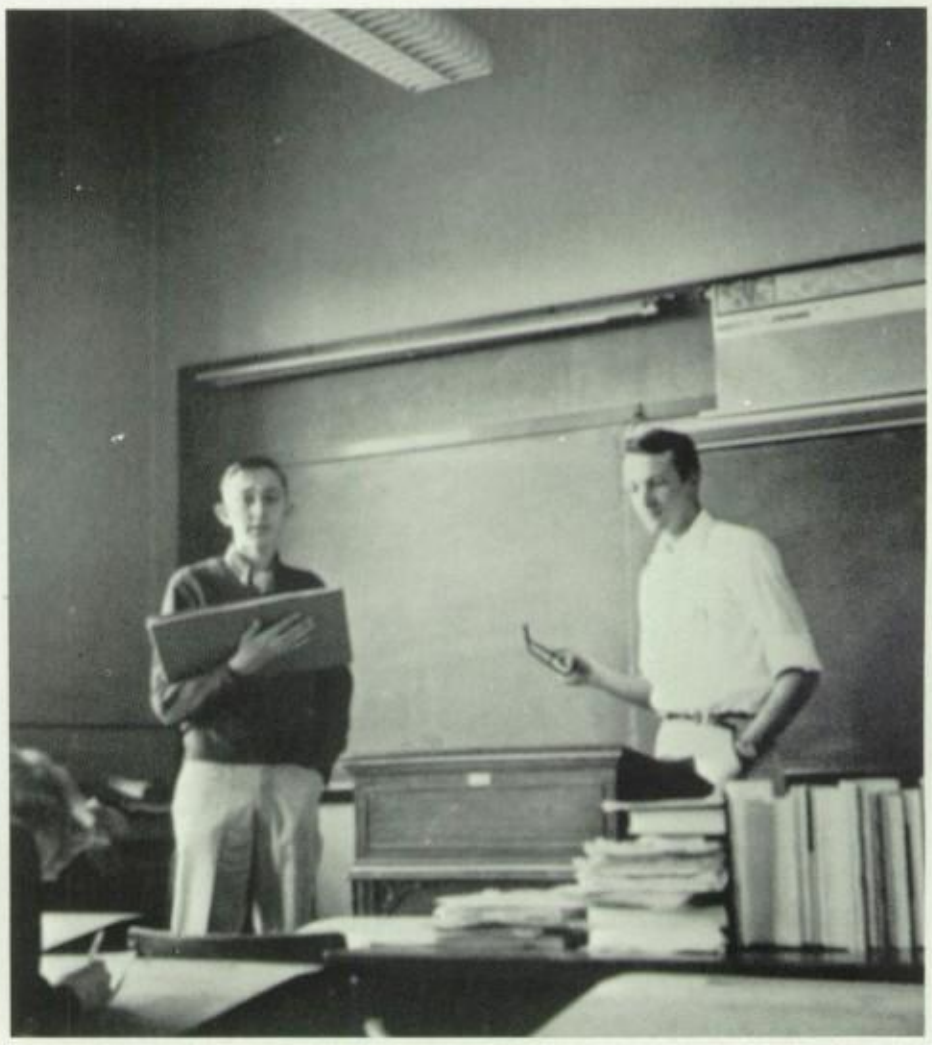
Charles E. Hall Debate



Junior Paul Hedberg presents his speech.



Seniors Bruce Jones and Gary Bennett make plans for the annual Debate.

Mr. Carlson and Gary Bennett prepare for the Debate.

As the school year drew to a close, the time for the annual Charles E. Hall Debate approached. Each year this event is sponsored in memory of Charles E. Hall, a former debater, by his family. Three members of the senior class argue a topic of either national or international concern with three juniors. The debate is judged by local businessmen, lawyers, or clergymen. To the winners of the debate goes the honor of having their names inscribed upon the traditional Charles E. Hall trophy.

Personalities

Sigrun **Jorundsdottir,** known as "Nuny" to the students of J.H.S., is this year's American Field Service representative from Reysjavik, Iceland. Her stay in the U.S. will have lasted from August 1965 until after graduation. Nuny has become a popular member of the Senior Class. She is characterized by her cheerfulness, friendliness, and her rapid adaptation to American life. As an aware individual with definite ideas about many things, Nuny has perceived many differences between American and Icelandic life. She has especially noticed the existence of this fact in the school systems in that J.H.S. is more difficult. A guest at the home of Mr. and Mrs. E. Milton Johnson and their daughter Joyce, Nuny has been a valuable asset to the community and to the entire J.H.S. student body.

MURPH FILBRICK

A highlight of the football season was the selection of "Murph" Filbrick as football queen. Crowned at the J-Club Dance, she was presented with red roses and a white autographed football. "Murph's" bubbling personality added an extra special touch to our victories this season.

HIGH SCHOOL BOWL TEAM

Eric Bolling, Paul Hedberg, John Swanson, Bruce Jones, Dave Colander, Ted Carlberg.

First place was almost achieved by J.H.S. High School Bowl competitors as they challenged other Chautauqua County schools in the WJTN radio program.

DAVE COLANDER

Our A.F.S. student, Dave Colander, has returned to J.H.S. for his senior year after spending last year in Hamburg, Germany. Following this exciting year, Dave has made himself a welcome addition to the Class of 1966.

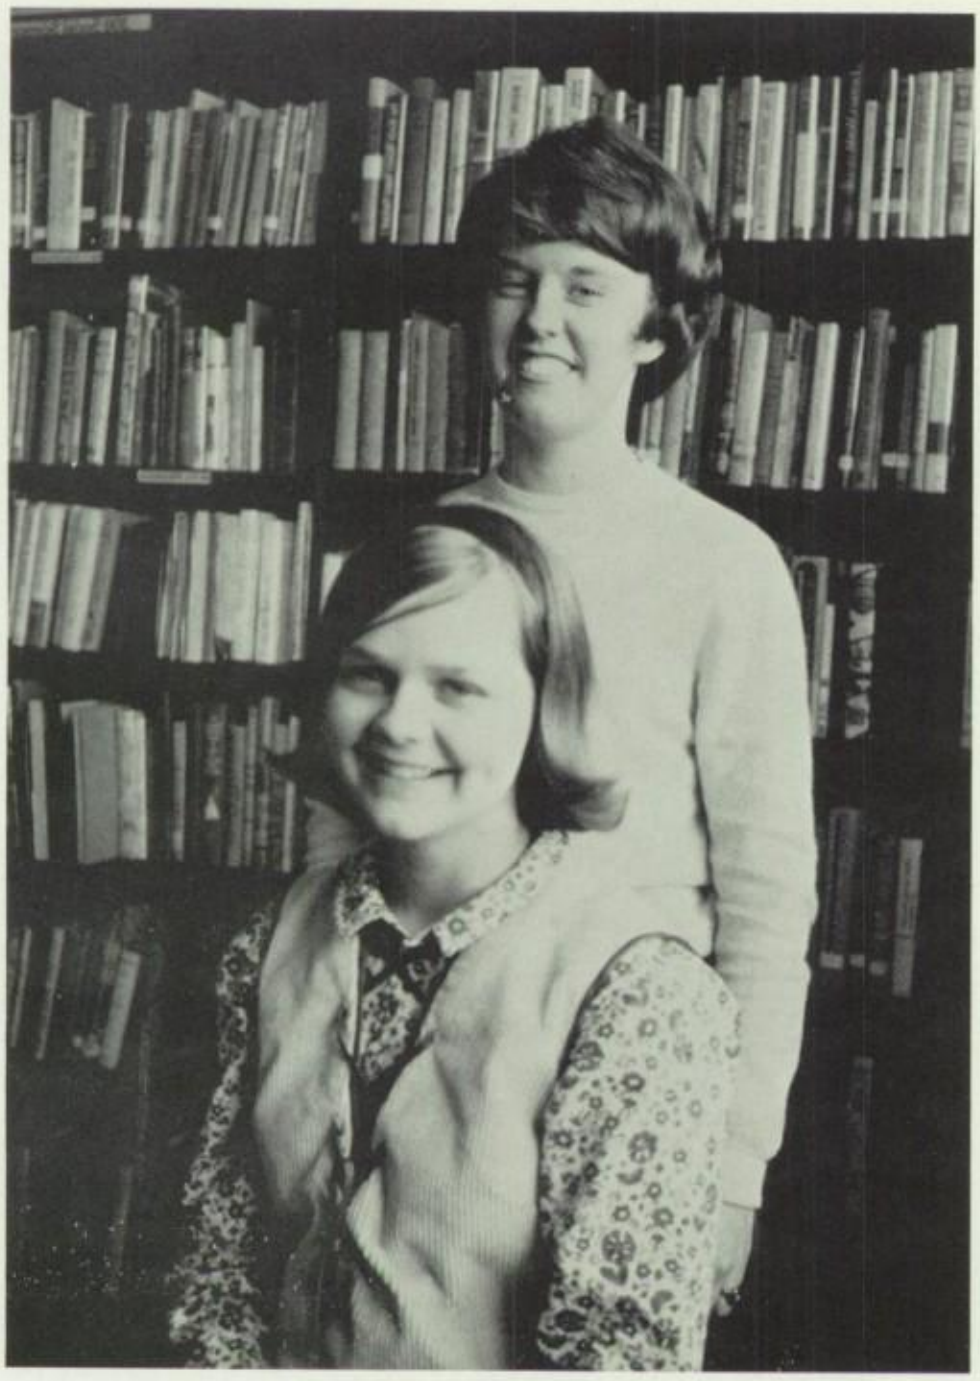
GIRLS' STATE, BOYS' STATE

Mark Mallare, Eleanor Aldrich, Gary Bennett

Participating in legislative activity is the main objective of representatives to Boys' and Girls' State. This past summer J.H.S. was privileged to have Ellie Aldrich at Elmira College and Gary Bennett and Mark Mallare at Colgate University.

FRANK COSTANZO

Presidency of the District 15 Student Council has been added to the many jobs held by senior Frank Costanzo. Along with this position, Frank is also President of the J.H.S. Student Council and was Junior Class President last year.



JOYCE JOHNSON, JOANNE OTTOSON

Selected as exchange students by the J.H.S. Student Council, Joyce Johnson and JoAnne Ottoson were privileged to spend March 11 at Panama Central School. J.H.S. also played host that day to five visiting students.

ALL-STATE MUSIC PARTICIPANTS

Row 1: Nancy Carlson, Charleen Heyer, Terri Strickland, **Row 2:** Rick Sotir, Mark Mallare, Dave Haglund, Bud Lindquist, Thom Gustavson, Mark Bliss.

The honor of participating in the All-State music groups was awarded to nine Jamestown students this year. These musical students, who were selected in auditions, performed for state music teachers in December at the Concord Hotel, Lake Kiamesha, New York.

Organizational Life

A'Cappella

An outstanding musical organization at Jamestown High School is the A'Cappella Choir. This year the choir is the largest it has ever been with a membership of 117. During the Christmas season they presented their annual vesper services at the First Presbyterian Church on December 12 and 19. In these concerts they sang English, French, Mexican, Welsh, and Irish songs, as well as American spirituals. The choir also caroled in the halls of the W.C.A. and General Hospitals during the holiday season. The month of January proved very busy for choir members in their annual Candy Bar Sale. They adventured on a one day trip to Canada in the spring giving several concerts. Their program included Negro spirituals and popular show tunes.

Girls' Chorus

Sophomores comprise most of Girls' Chorus and Mixed Chorus. These two groups are considered a training ground for future A' Cappella members. In late winter their training and ability are put to the test when tryouts for A'Cappella are held.

Both choruses performed for the Music Parents in October to help acquaint their audience with the music programs at J.H.S. They also participated in the Christmas program singing the "Hallelujah Chorus" and in the Annual Spring Concert performing "Yellow Bird," "Free at Last" and "Clap Your Hands."

Thompson.

Men of Tomorrow

The Men of Tomorrow form the male section of the choral department at J.H.S. This group is made up of sophomore, junior, and senior boys who meet once a week before school to rehearse. This year they performed at the A'Cappella Vespers, a variety of other Christmas concerts with the A'Cappella, and the Spring Concert. For their Christmas Concerts they sang "O Come All Ye Faithful" and their traditional "Little Innocent Lamb." On their spring programs at various schools in Jamestown, their selections included "Good Fellows Be Merry," "Pirate Dance," and "Joshua fit de Battle of Jericho."

Row 1: G. McFadden, B. Comstock, R. Perlee, J. Karapontso, T. Peterson, J. Linn, M. Jose, D. Larson, D. Johnson, G. Spitale, D. Johnson, J. Galati, R. Newell, R. Johnson, L. Jursted, S. Johnson, J. Herbein, S. Norberg, S. Larson, G. SanFilippo, J. Dispensa, J. Beal, G. Johnson.

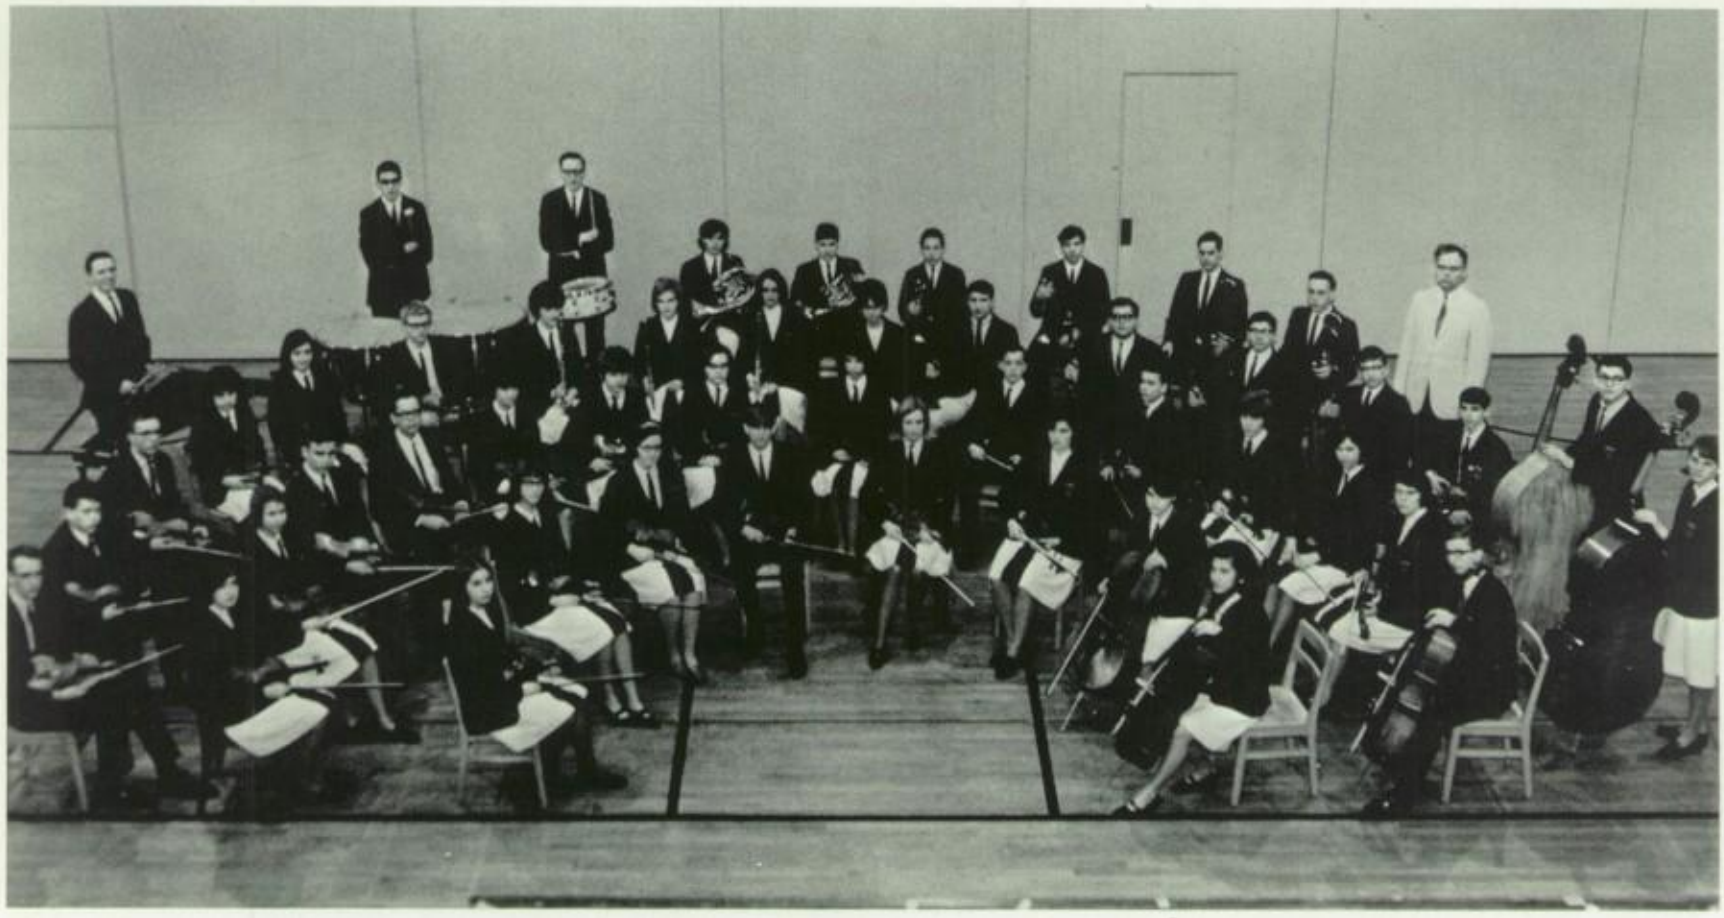
The Madrigal Singers performed many thrilling and praiseworthy concerts this past year. The highlight of their year was their trip to the Concord Inn at Kiamesha Lake to sing for the New York State Teachers Association on December 6 and 7. Although impeded by a bus accident on their trip, they still gave a commendable performance. They also sang for many private groups and organizations during the Christmas season and for the Spring Chorale Program. The majority of the songs that the Madrigal Singers perform are from the Renaissance period between the thirteenth and sixteenth centuries. Composers from this period whose works were sung this year are Brahms, Gibbons, Hassler, Morley, Purcell, and Vecchi.

Orchestra



Row 1: C. Ritch, A. Rowley, M. Asel, E. Bolling, T. Wilcox, L. Donner, L. Studd, B. Pettit. **Row 2:** E. Leonard, G. Schulte, G. Swanson, R. Hutley, J. Johnson, J. Olson, B. Hokanson, J. Kohlbacher H. Larson, R. Johnson, Director.

The Orchestra opened its year with eight members playing in the sectional All-State at Grand Island. The annual ham dinner, presented to the public in the fall, was the major fund-raising event of the year. The players also performed in the Christmas Concert along with the vocal department.

The highlight of the year was the exchange program with the Adam Scott Collegiate High School Band. They were at J.H.S. the weekend of February 11. While here, the band presented an assembly that was enjoyed by all. In return, the Orchestra journeyed to Peterborough, Ontario on March 25. There they presented a concert and later they put on their annual concert. The group's activity closed with the Annual Chautauqua Festival.

An observation of the band is made by a member of the Cross-Country team.

The main function of the J.H.S. Twirling Corps is to add a bit of color to the band. They appear with the band throughout the football season when the band performs at numerous half-time shows. The Twirlers also perform at the concerts put on by the J.H.S. band. The girls accompanied the band on its trips to Buffalo and Hamilton, Ontario, and will travel with the band when it goes to Toronto.

Varsity Band, under the direction of Charles L. Jacobson, was busy this year. Combined with the Concert Band, the band went to Buffalo and Hamilton, Ontario, to play at professional football games. They performed in the band concerts on March 5 and May 14. During the spring, the members of the band spent a weekend in upstate New York where they competed in a band festival at Springville and visited Niagara Falls.

Band

The Concert Band, under the direction of Mr. Charles Jacobson, has performed many times throughout the past year. Joined by the Varsity Band, the Concert Band provided music and precision drills for halftime entertainment at J.H.S. football games, as well as at professional games in Buffalo and Hamilton, Ontario.

Becoming a separate band after marching season, Concert Band, as the name implies, gave concerts for the public and presented assembly programs at J.H.S. and two of the local junior high schools. The money received from the two public concerts this year, which took place on March 5 and May 14, went into the building of the Public Band Shell and the Sousa Memorial Fund.

Row 1: L. Sorman, J. Saia, K. Olson, D. Bloomberg, D. Strong. **Row 2:** R. Paterniti, C. Jacobson, K. Anderson, J. Ingleson. **Row 3:** C. Kuczik, R. Archibald, R. Bingham, S. Lindquist.

Dance Band, Color Guard

Row 1: B. Comstock, J. Lamantia, T. Johnson. **Row 2:** S. Kohlbacher, H. Larson, J. Swanson, D. Haglund, J. Ingleson, R. Paterniti. **Row 3:** C. Sciascia, T. Olson, M. Mallare, D. Johnson, C. Heyer.

The presentation of an assembly by the Dance Band to the J.H.S. student body was the major event of the Band this year. Under the direction of Mr. Frank Smeragliuolo, the Dance Band has also played at organizational dances.

The Color Guard is known to all J.H.S. students for its presentation of the colors at all assemblies. The Guard also carries out this duty at band performances and executes original gun and flag drills to the music of the band at concerts. The drills are similar to those used by drum and bugle corps.

The Color Guard complemented the band at performances in Buffalo and Hamilton, Ontario, last fall, and accompanied the Band on its trip to Toronto in April.

Novice Debate, coached by Mr. Robert Carlson has been active this year in many tournaments. Novice Debaters, along with the Varsity Debaters compete in the Southern-Tier Debate League. Besides these debates, the sophomore debaters also entered tournaments throughout the tri-state area.

The sophomores aided the Varsity team in raising money by selling Christmas trees during December.

Lynn Ann Eddy, Sophomore Debate member, discusses a debate meeting with Varsity Debater.

N.F.L.

The debate organization at Jamestown High School is in the midst of a busy forensic year. The debating teams, coached by Mr. Robert Carlson and Miss Suzette Brace, participated in the state competition held in Albany, New York, March 25-26.

This year the teams have traveled throughout the tri-state area competing in tournaments.

The debate organization at J.H.S. has approximately 30 members. Competition is maintained on the county level by participation in the Southern-Tier Debate League. Students who excel in debate are encouraged to attend summer speech institutes sponsored by major universities. Last summer Jamestown debaters were sent to Northwestern University, Ohio State University, Penn State University, and Oswego College. The debaters have raised funds for these projects as well as for inter-school debate competition. The Forensic Program is fortunate to have a Board of Education and a Superintendent who believe that debate is a worthwhile activity.

The quality of our Debate Club was exhibited when on two occasions it was selected as the most outstanding in the state.

F.T.A.

The opportunity to teach for one day in the spring is offered each year to the members of Future Teachers of America. Along with this event, the students are privileged to hear teachers of different subjects at their monthly meetings.

A trip to Fredonia College enabled senior members to visit college classes for one day. The spring banquet in honor of the seniors ended the year on a high note.

With the aid of Mrs. Murphy, advisor to the Future Nurses Association, J.H.S. girls are able to learn more about the career of nursing. Many members of F.N.A. devote several hours per week to volunteer work at the W.C.A. Hospital where they aid in Physical Therapy, X-Ray rooms or in entertaining children and feeding incapacitated patients.

A highlight of the year for these future nurses was a banquet in December with the Director of Nursing at J.C.C. as guest speaker.

French Club

The French Club this year has been very busy learning more about French life. At one of their meetings they learned about French politics and attitudes from a native speaker. By celebrating Epiphany in the traditional French manner, writing to French pen-pals, and selling French food at a bake sale French Club members have increased their knowledge about France. The beret-clad students also sponsored a French movie, **The Red Inn,** on February 24.

Mrs. Jucuzzo speaks to a meeting of the Spanish Club.

Spanish Club

Through many interesting activities Spanish Club members have gained knowledge of Latin American neighbors. They receive two magazines written in Spanish—**Hoy Dia** and **Life.** They have studied Spanish literature, viewed Spanish art with Mrs. Proctor, eaten Latin American food at a tureen supper on Pan-American Day, enjoyed **cafe con leche,** Spanish coffee, listened to speeches about Mexico and Puerto Rico and played Spanish games. At Christmas time Spanish Club sent Christmas cards to the school's Central American foster child, and entertained a Mexican guest, Miguel Velazquez Franco, at their Christmas party.

Mrs. Proctor speaks at a meeting of German Club.

German Club

The first aim of German Club members is to become better acquainted with Germany—its people, customs and language. High points of the year have been the viewing of Dave Colander's slides of his trip to Germany, a look at German art with Mrs. Proctor, German "Password," a bake sale of German food, and a victory at a Soccer game with the French Club. Under the advisorship of Herr Heinemann, the German Club also adopted a new constitution this year.

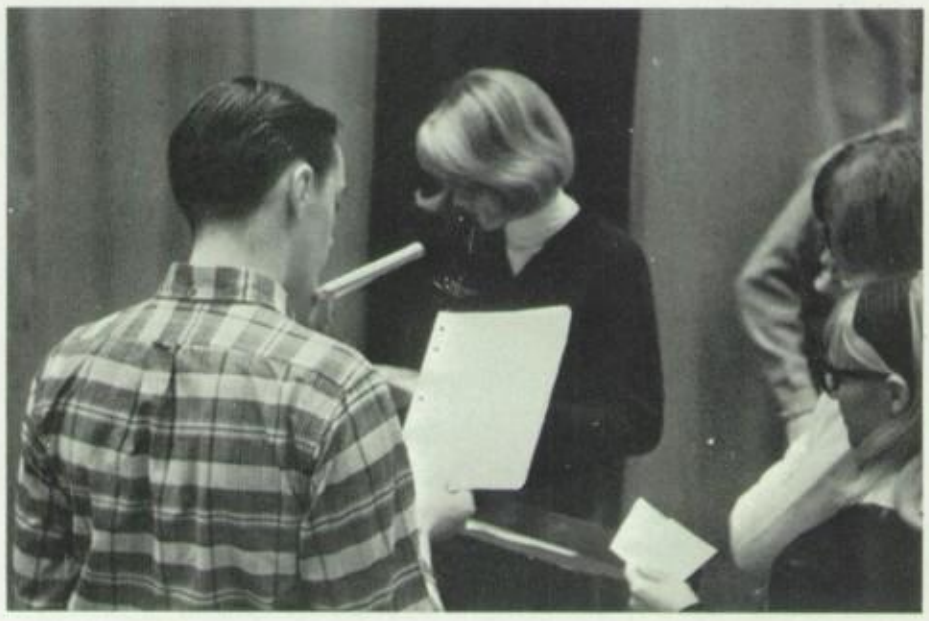
Radio Club



Radio Club performs valuable services for J.H.S. The club is responsible for all school announcements, provides music at many of the school dances, and handles all sound effects on the stage. The members act as sports announcers at our football and basketball games.

Radio Club has a weekly radio program on WJTN, known as "The Voice of J.H.S." This program informs the community of news and coming events at our school.

Radio Club was able to raise about $300 for the Children's Rehabilitation Center in Buffalo. The 32 members gave their time to broadcast continually for the Children's Rehabilitation Center Telethon in co-operation with WJTN.

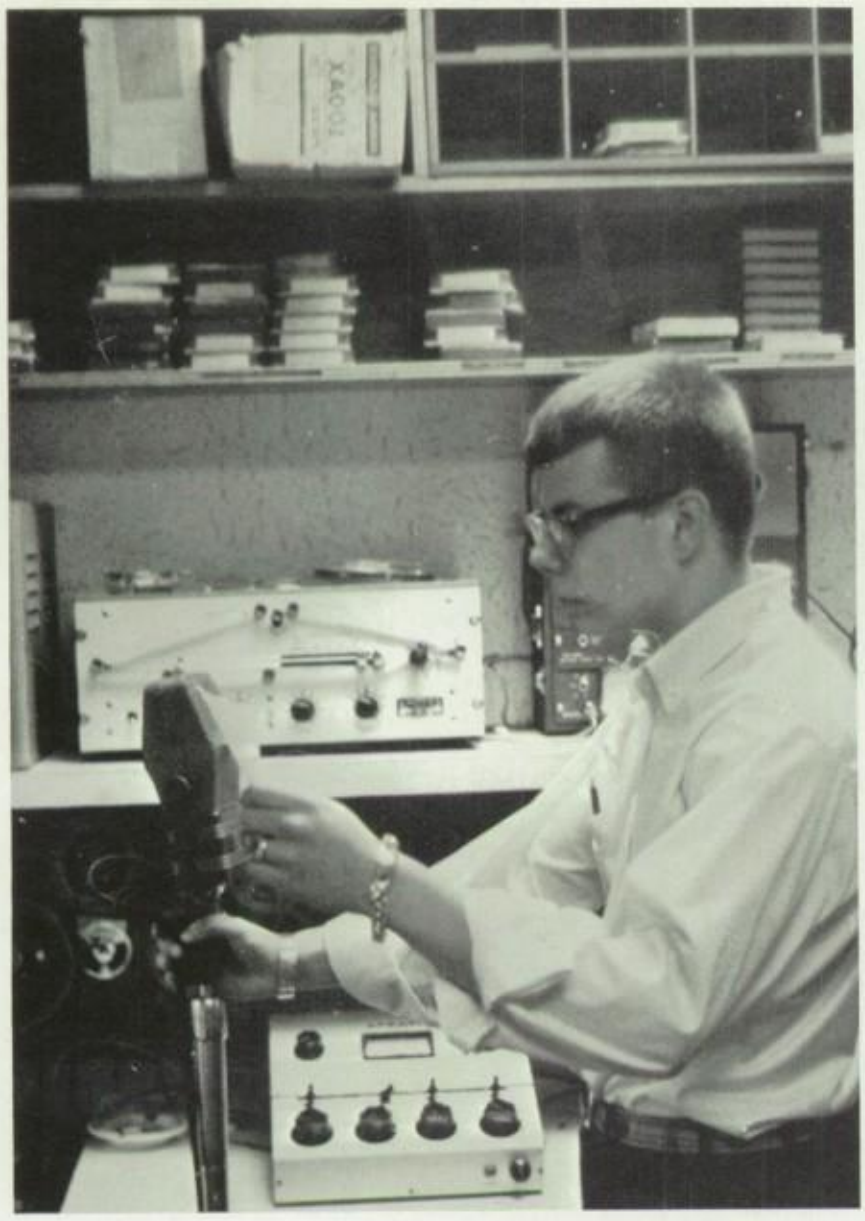
Teen Jays



Regular radio programming by the Teen-Jays over WKSN Radio entered its fourth year last fall. The Saturday program presents school news, commentary, sports, and personality interviews, plus the top recording hits of the year. Each member has gained valuable experience in announcing, production, and engineering through this weekly program. A bake sale and dance headed the list of money-making projects sponsored by the Teen-Jays to provide new equipment.

Stage Crew

Behind every performance produced in the Mertin P. Corwin Auditorium is the Jamestown High School Stage Crew. Under stage manager Randall Archibald, the group executes many of the tasks that makes a performance enjoyable. The are responsible for the lighting, and scene changes in all plays and other presentations. The crew also assembles the scenery and many times builds and paints it. It is a member of this organization that opens and closes the curtains for the curtain calls that every player delights in. The J.H.S. Stage Crew takes good care of the stage that has been entrusted to them.

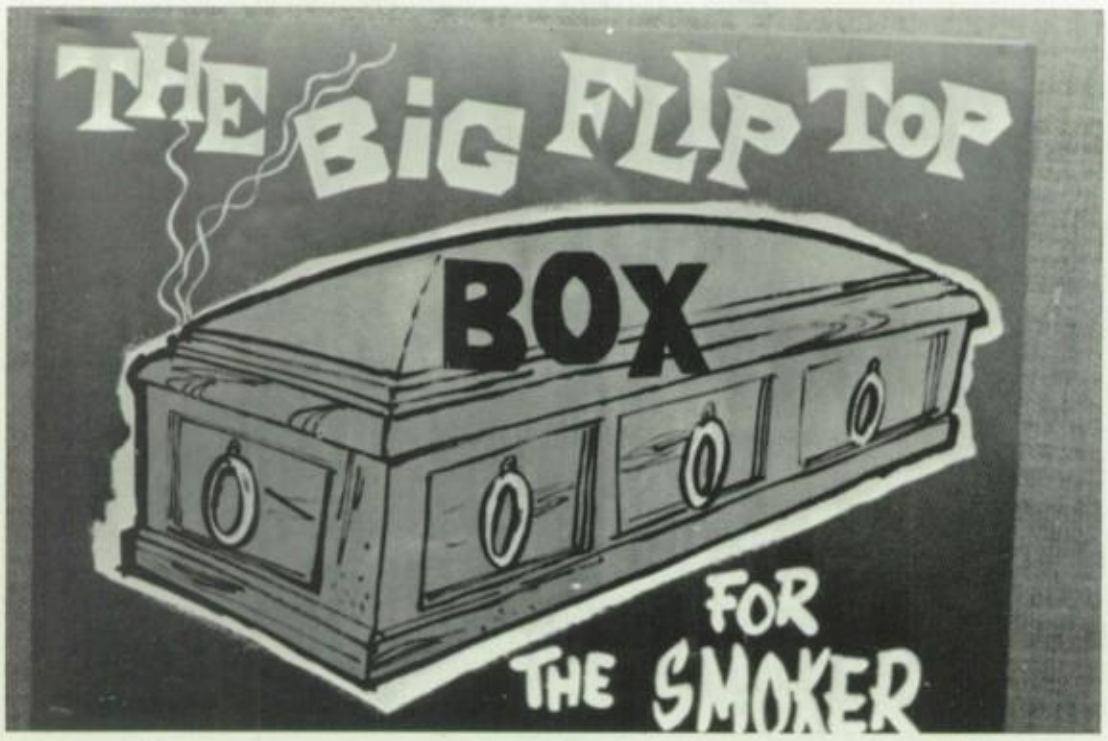
Key Club



The Key Club, under the direction of their advisor, Mr. George Hamilton, had a very busy year. The members are representatives from most of the clubs in the school. Throughout the year they collected dates for a new school calendar to be in use next fall. It will contain all dates of importance, vacations, regents exam dates, and a picture of an activity for each month.

The members attended the Syracuse Conference in April. They collected for Junior Red Cross, participated in clean-up week in Jamestown, and held a current affairs contest against the Kiwanis Club in April.

The Club presented an assembly program to the student body of J.H.S. in March. The appropriate topic to today's life was the danger of lung cancer from cigarette making.

Deca Club

Deca, which stands for Distributive Education Clubs of America, helps prepare its members for entrance into our highly competitive business world. In February the club hosted a distributive conference at the High School.

Deca Club's chief project during the year was to present a fashion show. This year the show featured clothes from Nugents, Bigelow's, and the Ski Shop.

Included were evening, ski, and casual wear. Club members did all the behind-the-scenes work, while modeling was done by other interested students.

Thespians

Drama, costumes, and make-up are all common interests shared by members of Thespians. At an installation ceremony in December, twenty new members were inducted into this honor society for high school actors.

New stage plays and their many aspects of production are among the topics discussed by these drama fans. The highlight of the year was the presentation, during March, of "Inherit the Wind" with the help of the National Forensic League.

Congratulations are offered at the Thespians Induction.

There is always activity for any Hi-Y or Tri-Hi-Y member. From the post-football game dances in the fall to the county party in June, a dull moment was hard to find. Meeting Wednesday evenings at the Y.M.C.A., their business sessions were usually followed by a guest speaker or by another form of entertainment.

The Jamestown Hi-Y participated in the State Youth and Government Program in the fall where bills were presented to a four day session of a youth legislature meeting in the state legislative chambers in Albany. The bill sponsored by the Jamestown Hi-Y was passed in the Senate by a vote of 59-2 and was approved by the Youth Governor. Many bills presented before this assembly have become state laws.

The clubs have aided in community service projects as well as enjoying field trips and excursions. Several members attended the Western New York Hi-Y conference held in Rochester this year.

"The Pajama Parade"—a highlight of the AFS dance..

A.F.S., this year as always, has been one of the busiest clubs at J.H.S. They are the sponsors of our foreign exchange student who is visiting us this year from Iceland.

The annual A.F.S. pizza sale, held the first weekend in October, was a huge success. The money raised from this venture is used primarily to help send a J.H.S. student abroad, usually for the summer program.

The A.F.S. has also sponsored many other activities this year including a reception for Amil who spent a week here as an exchange student from Alden Central School, a bakesale, and a dance highlighted by the "Pajama Parade."

The annual AFS pizza sale finds many customers.

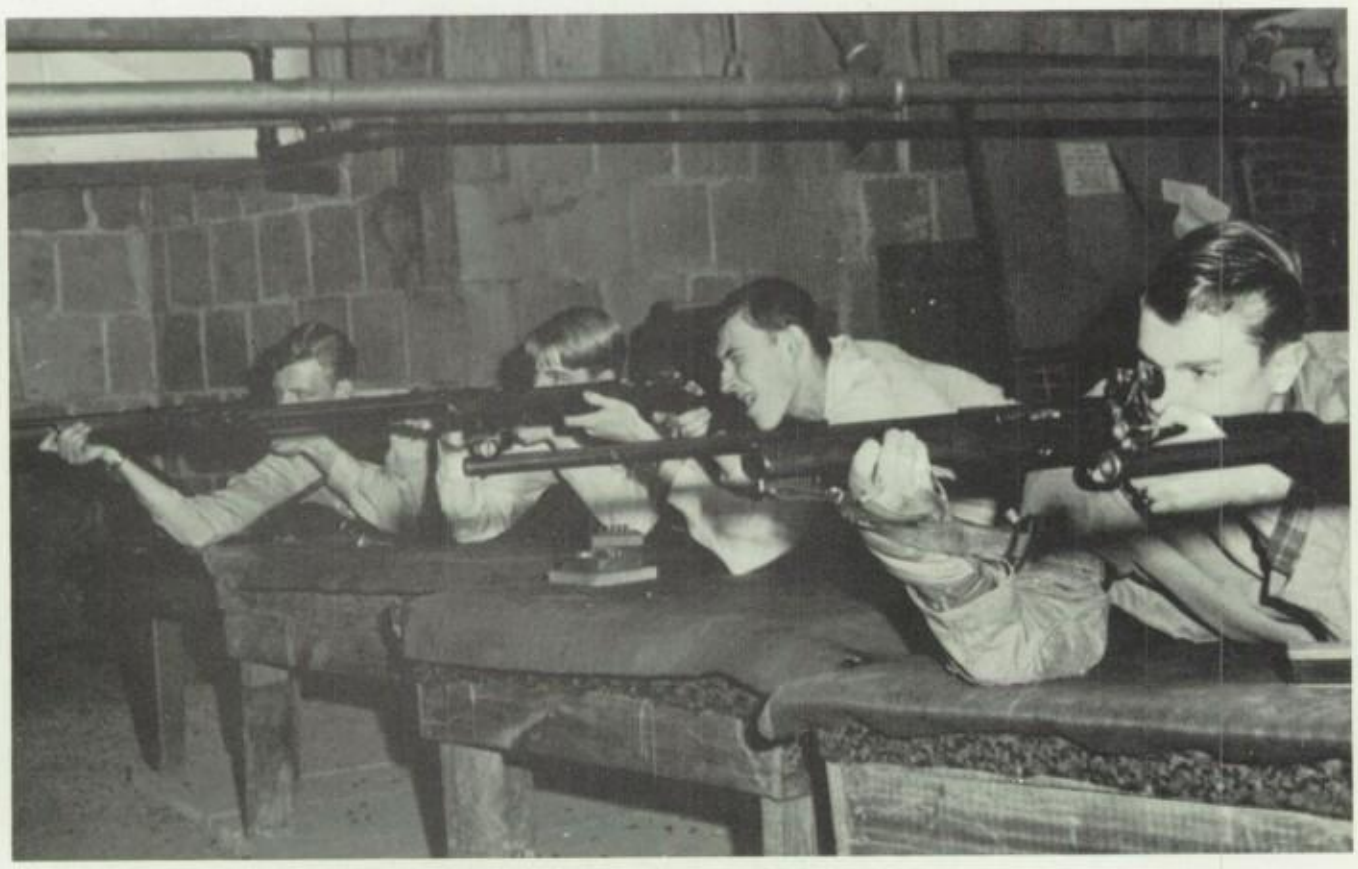
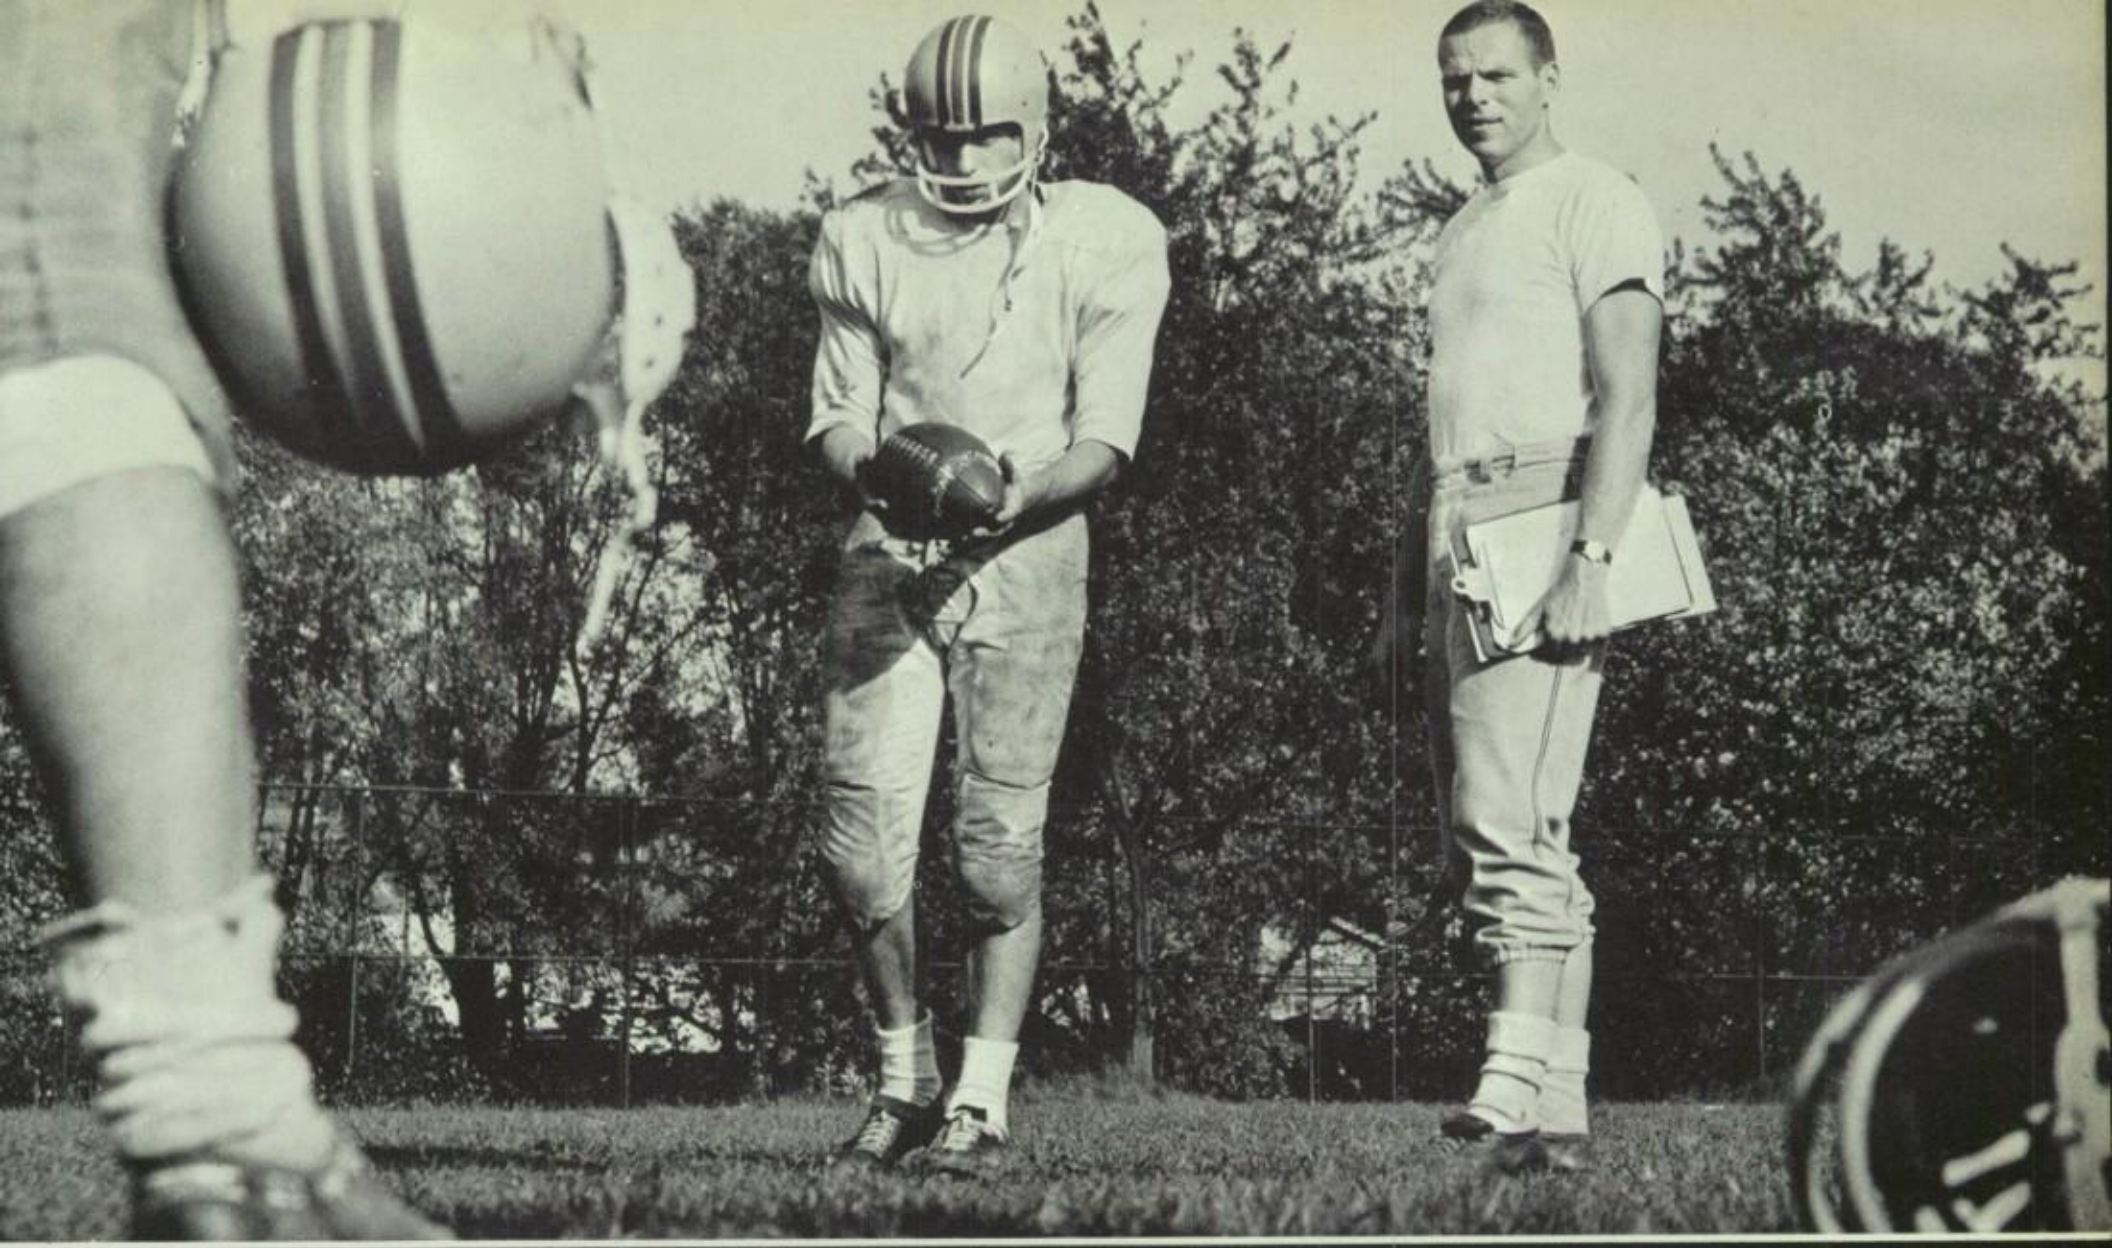
Rifle Club

Shots can sometimes be heard ringing in the school from the basement. These sounds are issuing from the rifle range where the J.H.S. Rifle Club shoots. The club opens its membership to any boy who enjoys hunting or target shooting. Meeting weekly after school on the rifle range, the club teaches young hunters the correct care and handling of guns necessary to insure safety while hunting. It also sharpens the eyes of members having supervised target practice. For the first time this year, the Rifle Club had a team that competed with other school rifle teams.



Athletic Life



J-Club

J-Club member, Steve Corey, and A.F.S. visitor Amil.

An autumn trip to Buffalo to see an exciting football game with the Buffalo Bills started the year for the members of J-Club. Following this excursion, the sport letter winners of Jamestown High School sponsored the Pep Rally before the Warren football game. They also aided the athletic prowess of the school by running the ticket booth at basketball games and sponsoring the annual Student-Faculty Basketball Game.

Intramurals

Lively activity takes place in the gym and out on the field many nights out of the year as J.H.S. Intramural teams are involved in competition with each other and with teams from other schools. Girls have participated in many sports this year including soccer, archery, cageball, basketball, gymnastics, bowling, volleyball, swimming, softball, and track. The boys also have been active in many of these sports, but have centered their interest on homeroom basketball. The winning team in this competition between homerooms was given the privilege of playing the faculty in the annual Student-Faculty Basketball Game.

A new innovation in the Intramural program this year was the formation of a gymnastics club under the leadership of physical education teacher, Mr. Charles Hill. This organization, meeting in the evening, sprouted new interest among J.H.S. students.

Football

This year's Football Red Raiders played what was probably their toughest schedule in years, and they played it well. The team won its first two games, stretching their two-year winning streak to ten games. The string was snapped by a 20-7 loss to McDowell, but the Raiders went on to finish with a commendable won-lost record of 5-3, including games with five rough Pennsylvania teams. The season's highlights were many: Roger Leeper's last-minute return of an intercepted pass for a game-winning touchdown against Olean; and a well-fought 13-0 loss to our traditional rival, Warren, in the pouring rain and the inches-deep mud at College Stadium. It was a season filled with both joy and disappointment, and one which football fans will remember in the years to come.

Post-season awards spotlighted several members of the team. Rog Leeper was voted the outstanding defensive player, and Mike Constantino gained recognition as the best all-around player when he received the coveted Rich Mole trophy.

Basketball

A successful year was the proclamation of J.H.S. basketball fans at the close of the 1965-66 season. Led by the two high scorers, Ron Graham and Frank Smrekar, the Raiders were able to win the Lake Shore League championship.

In copping the title, the team was victorious in all league games except a 62-59 loss to Fredonia. In non-league games, the varsity players were also successful, finishing the season with a total record of fifteen wins and three losses.

The shooting ability of the team was shown in the 102-54 win over Gowanda and the 105-64 win over Warren. They competed in the Butler Invitational Tourney at Christmas and defeated West Seneca in the Section Six playoffs before losing to Maryvale.

Jamestown continued on its winning way by taking the New York-Pennsylvania sophomore football league title. This marked the third consecutive time that Jamestown has won it. Led by Vince Brunacini, top scorer with 30 points, the young Raiders went 6-0 in league play. They carried off honors for both offensive and defensive play. The JayVees scored 100 points and had only 32 points scored against them.

In its two non-league games, the JayVee team was equally successful. Our sophomores also had four shutouts.

Compiling an overall record of 8-0, the young Red Raiders seem capable of assuming responsibilities as part of the varsity team next year.

Jamestown was a dreaded word for other Junior Varsity teams this year as our sophomore team chalked up a 12 to 3 season. Under Coach Tom Pretchl's watchful eye, the sophomores won many a crowd thrilling game. The JayVees were masters of the floor as they exhibited spectacular finesse in ball handling. Don Schmonsky led the team in scoring. His eye for the hoop showed itself when he scored 33 points against Gowanda. Bob Anderson, Bill Catanese, Dave Kettle, Don Schmonsky, and Richard White, the usual starters, kept their adversaries up in arms as they fought incessantly for the ball. In the next two years, the sophomores will be a great asset to the varsity team.

Cross-Country has become an important sport at J.H.S. in recent years. It is not uncommon during cross-country season to see a group of boys in sweat suits running down Second Street toward the stadium in preparation for a track meet.

The varsity cross-country team of Coach Vince Joy enjoyed a successful season. They have a record of six wins and only one loss and brought home third place in the AAA class at the sectionals.

The growing popularity of cross-country was evident by the necessity of forming a B team. This second team was undefeated in four meets.

Under the supervision of their new coach, Mr. Charles Hill, and with the aid of their mythological mascot, "Odin," the swim team brought home a record of three wins and three losses.

This year the boys worked out in the Y.M.C.A. pool and swam all their meets in the pools of their opponents. Since racing in a strange pool is a slight handicap to a swimmer, next year we're sure everyone will be happy when our team can practice and race in our own new pool.

Wrestling Team

The wrestling team, now in its third season, is becoming progressively better as its members gain experience through the years. Coached by Norman Thomas and spurred on by the efforts of undefeated Tom Duckett, the team compiled a record of 4-6.

In the Holiday Tournament, the team placed second in competition with seven other teams. The efforts of brothers Tom and Pat Duckett and Dan Johnson contributed heavily to this placing.

The team is expected to continue to improve as the years go by and more boys gain competitive experience.

Bowling

At the time of publication, the varsity bowling squad had participated in six matches, winning 4 and losing 2. Bowling in the newly-formed Lake Shore League, our team had eight scheduled league matches and four non-league encounters. This was the largest number of matches the team has had, and it can be attributed to the fine efforts of Coach David Fairbanks. Coach Fairbanks also instituted a new system for choosing the varsity team. For each weekly match, he chose the three high averages for the year and the two high series of the week from the intramural league. This new system both stimulated interest in the intramurals, and gave more boys a chance to earn a letter on the bowling squad.

A victorious season was the happy outcome for the 1965 golf team. Collecting a record of seven wins, two losses, and one tie, the J.H.S. golfers were able to make an excellent name for our school. First place in the county meet showed the result of the excellent coaching of Ellis Norton.

After losing a hard-fought opener to Dunkirk, the Raiders bounced back to finish their campaign with a respectable 7-5 record. The league's most valuable player, Jim Curtis, paced the J.H.S. team at the plate with a .536 batting average while teammate Rusty Johnson held down opposition from the mound. He also had an impressive .410 batting average.

Coach Walter Colburn believes that he has a well-rounded team returning headed by Terry Gill and Jim Swanson on the mound. They will be backed by experienced fielders and power at the plate.

Under Coach Terry Ransbury, the 1965 track team had a remarkable season. Undefeated in competition, this team went still further to break many old records.

The time for the 880 yard relay was brought down to 1:32.8 by Dan Lund, Steve Benson, Mark Mallare, and Brian Thompson, and Randy Sharp set a new record for the two lap relay with a time of 1:01.1. A sectional record for the 120 yard hurdles was set by Ron Graham with a time of 15.8 seconds. Other record holders are Dale Marshall who jumped 6'2" in the high jump; Jonas Johnson, holding a record of 53'1½" in the shot put; Tom Lundgren, with a distance of 42'3" for the triple jump; and Terry McIntyre, who cleared 11'5½" in the pole vault.

New records, an undefeated season, and the county and sectional championships gave the track team a fine place in the record books. The all-team effort displayed by the track team is still talked of and will be in the years to come.

Cheerleaders

Selling tickets, distributing programs, and livening up the crowd are among the many jobs of the cheerleaders at J.H.S. Under the guidance of Judith Elwinger and Jeanne Gibbons, the girls meet once a week to practice their jumps and cheers. The cheerleaders have an important job in creating school spirit among Jamestown rooters.

Honor Society

Leadership, scholarship, service, and character: these are the four qualities necessary for a member of National Honor Society. With the induction of over fifty new seniors, the membership of Honor Society was increased to nearly seventy.

Under the advisorship of Miss Jeanne Gibbons, the Society was busy raising money to be used for the scholarship which is awarded annually to a senior. This money was raised by the sale of school book covers, Pepsi, and popcorn at basketball games, and plastic covers for yearbooks.

Mr. Loftus

William Loftus, a biology teacher at Jamestown High School, is one of the most avid supporters of the Class of 1966. During the past three years, he has had the opportunity of advising the largest class to graduate from this school. He guided the class in many successful endeavors including: a Carnival, Faculty Frolics, sponsorship of the Redhead Basketball Game and two plays, **Take Her She's Mine** and **If A Man Answers.** Under his outstanding leadership, several class newspapers were issued and many class assemblies were held. It would be impossible for each senior to express his gratitude to Mr. Loftus personally. The responsibilities he shouldered and the enthusiasm he put forth, however, will always be remembered.

Out of tune!

Bob,
Good luck to a great guy. Remember all the good times we've had over all the many years. Try to behave yourself but have a good time.

Mr. Harry Gustavson
Junior Class Advisor

Mr. Harry Gustavson, in addition to teaching daily Machine Shop Classes, finds his time occupied by the activities of the Class of 1967, the Century Class of J.H.S. In fulfilling his role as class advisor, Mr. Gustavson assisted the juniors in presenting the play, **Dome of Many Colored Glass,** and helped to establish the **Century Observer,** the Junior Class newspaper. He has also been helpful in beginning plans for the senior year of the Class of 1967. Although the capacity of class advisor offers challenges and often presents problems, it has its lighter moments. The Junior Class Party exemplified the fact that being a class advisor can be fun and rewarding. The enthusiasm and concern Mr. Gustavson has shown is greatly appreciated by all.

Mr. Gordon Anderson
Sophomore Class Advisor

Mr. Gordon Anderson divides his hours at J.H.S. between teaching psychology and American History and advising the Class of 1968. Mr. Anderson is called upon for the supervision and leadership needed so much in those first hard months of the sophomore year. Under his guidance, the class has been working hard to organize itself in preparation for the years ahead at J.H.S. The sophomores have also staged a carnival with his direction. Mr. Anderson, always cheerful and friendly, has proved in this first year to be a capable, well-qualified class advisor.

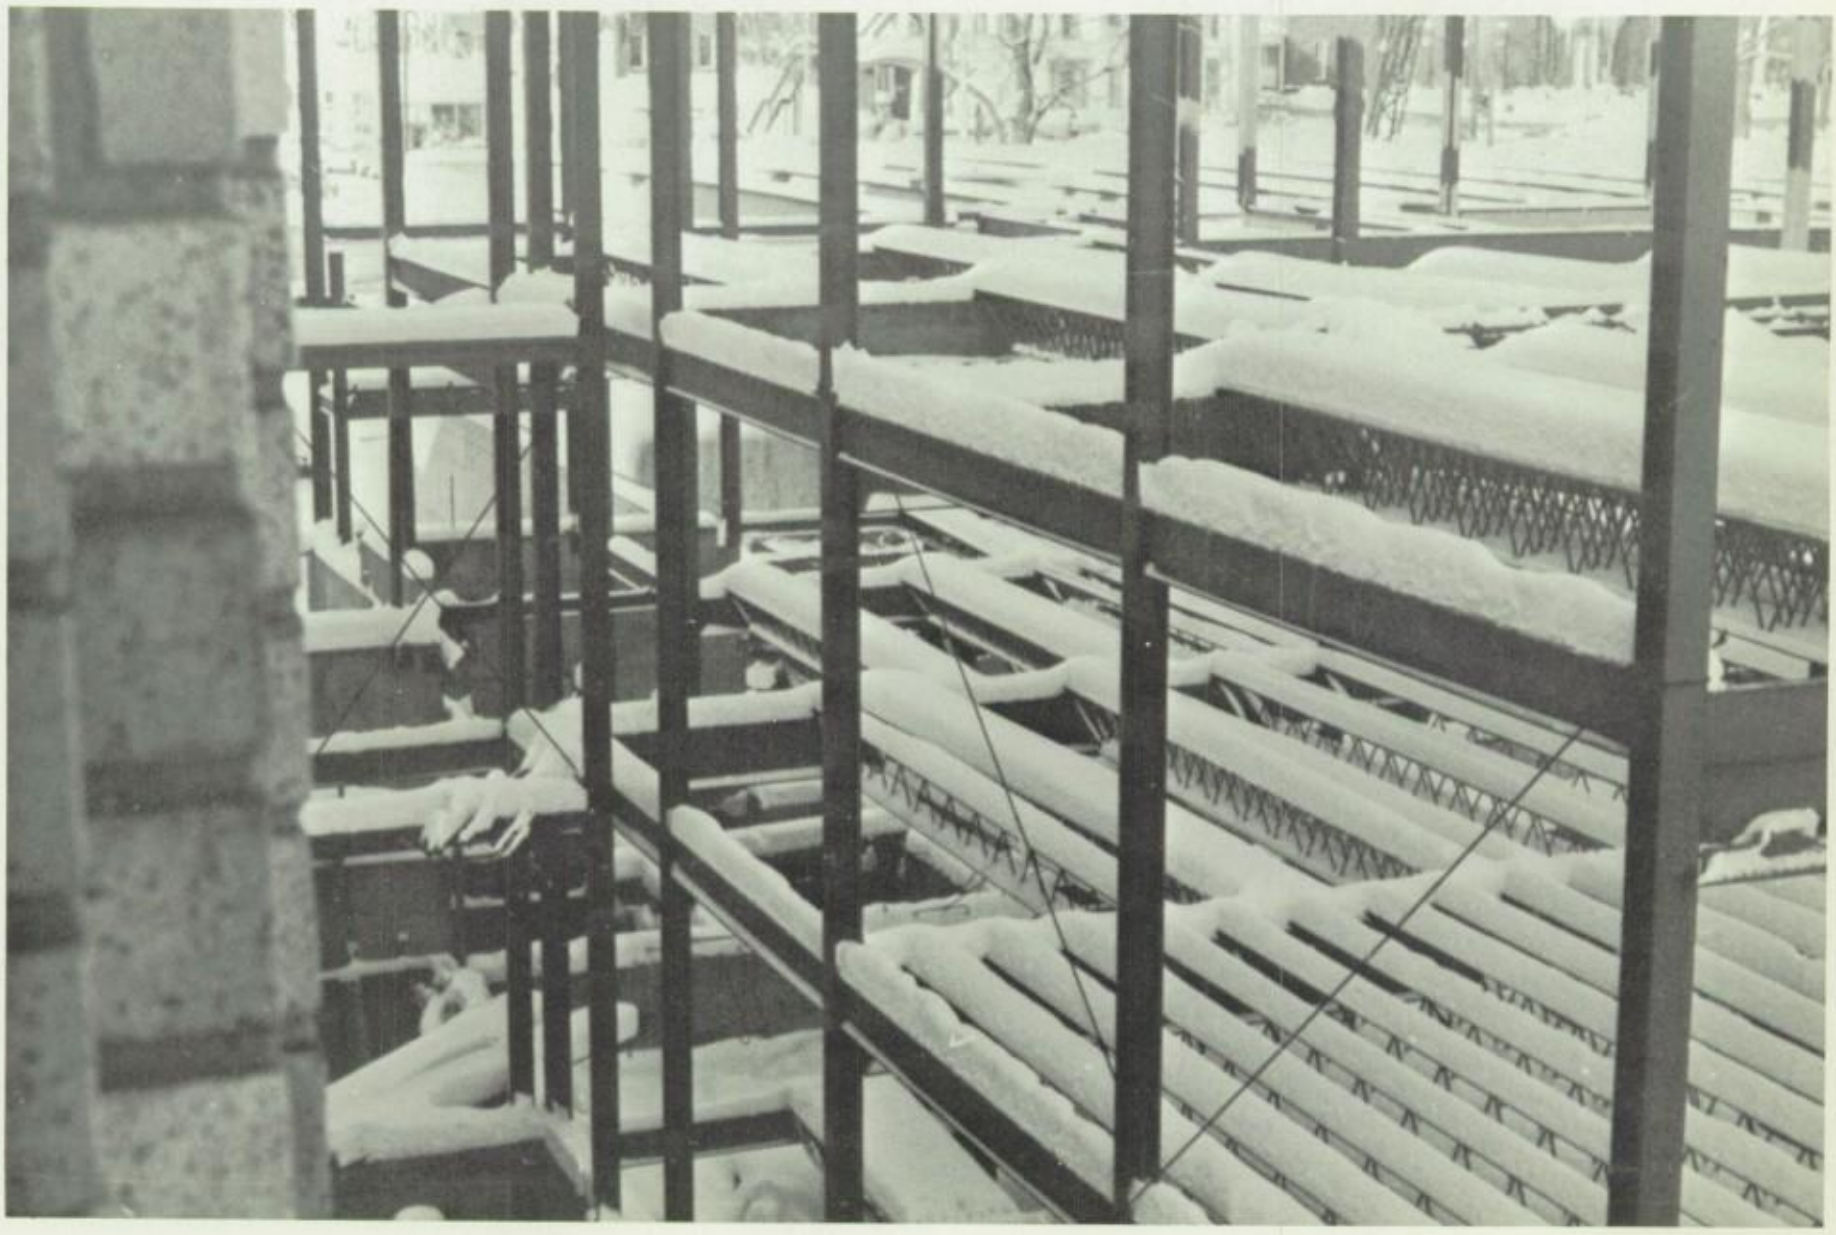
The last class is over and the last exam has been taken. The arrival of June, however, does not mark an ending in our lives. Rather this is a beginning. For the seniors, it will be the start of a new experience, venturing into an exciting world and putting into practice that which was learned in the preceding twelve years. For those who will return to J.H.S. next year, it will be a continuation of gaining knowledge. The increased facilities of the new addition, including a modern library, a swimming pool, and extra classrooms, will further capacities for learning.

For each of us there will be new opportunities to take advantage of, new situations to master, and new people to meet. It is hoped that the education acquired during the three years spent at Jamestown High School will produce citizens capable of assuming the burdens placed on them by our civilization. A school lives forever because it is a reflection of the qualities possessed by the mature adults it fashions.



Hundred Member Club

Principal Meade Anderson presents the Hundred Member Club Plaque to Dan Lund.

The Hundred Member Club was organized in 1945 and since then has annually awarded one hundred dollars to an outstanding Senior at Jamestown High School. Its purpose is to provide scholarship aid to a student deemed worthy of the same. Dan Lund was honored with this award last year; one Senior will be likewise honored at the end of this year.

Officers:

President: Emory Olson
Vice-president: Ralph W. Johnson
Secretary: Mrs. Gladys Sundquist
Treasurer: William B. Anderson

Alumni Association

The J.H.S. Alumni Association annually recognizes graduates of Jamestown High School in June. Its purposes are many: to unite the members of different classes; to provide inter-class reunions; to recognize the successes of J.H.S. graduates; to promote its alma mater, Jamestown High School.

Officers:

President: Seymour Minsker
Vice-president: Gerald Anderson
Secretary: Mrs. Virginia Lind
Trustees: Dr. Harry Glatz
J. Norman Herby

Congratulations
to the Class of 1966

Dear Mr. Nelson,

Don't ask me how we managed to pass all our years at JHS. Remember our English class in 8th grade, with Mrs. Bowman, Betsy English class, with Miss Mae? Trip for 8th history class, Clarence visited your science class, Miss Mae (8th grade) trying to write on Dave Flacke. Dave...) 8th grade through all those years we've been through about tough times we made it! Hah! Hah! Hah

Bob,
To a real
swell kid. Don't forget our
camp fun Geeee.
Some day you might
get as good as I am in
golf as well as tennis (as heavenly I am!).

Bob,
To a real
Tough kid! Too
bad thing didn't
work out! Oh, well,
Good luck in the
future. Have fun at
work & don't forget to
give me my
sweaters!

Love ya,
Brigitte

Bob
Well, that's a good
way to start out!
Seriously, best of luck
always to a real nice
guy. Remember Cypress
Class and CC.

Love ya,
Jan 21.

Bob,
Best of Luck to
a swell psychology
buddy. Have a
wonderful summer
and have an absolute
great college. Good
Luck in the future

Bob,
Best of luck to a great
guy. Always remember the
"Good Times in Glendale"
Good luck in the future.
Have fun at work &
don't forget to
give me my
sweaters!

Love ya,
Brigitte

Bob,

Best of
luck to a real
great guy! Why
did you have
to move from
our "jolly" corner?
Don't know how
you lived through
it. — Really. I
just know you'll
make a great therapist
so keep up the good
work. — ok?

L.Y.L.

Bob's
Good luck
to a good kid (I think)
hope your years and
he spend to oh,
